

Course content

Get IT right for you drop-in

An informal chat with our learning services team to gauge where your skills are now, where you would like them to be and which of our sessions will be best for you. Session last for two hours, come along at any point.

Bring IT On!

This new six week session is for learners with little or no experience with computers. You will build the foundation skills then move on to the essential skills needed to make the most of a computer.

Device Advice

Need help with your Android tablet or mobile phone? Make an appointment then come along for a half hour session.

WhIT's the Script? Digital Storytelling

Use your newly acquired tablet skills to record a story using audio, video and pictures.

Family History

Learn how to build your family tree using the local history resources at the Watt Institution. The course will also look at various useful websites and give an overview of how to start your family history research.

Books for the Busy

Come along and learn how to download library eBooks or eAudio books onto a tablet or smartphone. You can then borrow books anytime!

Tea and Touchscreens

Our mobile device Chatty Café session at Gourrock Library is an opportunity for people learning to use a device to get together and make new friends while talking about their experiences and sharing knowledge.
