### **SCOTTISH FIRE AND RESCUE SERVICE, INVERCLYDE LOCAL FIRE AND RESCUE PLAN: CONSULTATION**

Following publication of the Scottish Fire and Rescue Strategic Plan 2019-22 in October 2019, SFRS will be reviewing and revising the Local Fire and Rescue Plans over the next few months. This is to ensure local priorities align to new strategic ambitions as well as remain relevant to local risk.

To support the review, the Local Senior Officer will be assessing a range of statistics to determine if activities are having the desired impact and to confirm future priority areas. The primary focus will remain on the delivery of core functions, but SFRS will also consider how they may collaborate more to expand their reach and support a wider range of local needs.

### **SCOTTISH FIRE AND RESCUE SERVICE, INVERCLYDE LOCAL FIRE AND RESCUE PLAN: CONSULTATION**

Following publication of the Scottish Fire and Rescue Strategic Plan 2019-22 in October 2019, SFRS will be reviewing and revising the Local Fire and Rescue Plans over the next few months. This is to ensure local priorities align to new strategic ambitions as well as remain relevant to local risk.

To support the review, the Local Senior Officer will be assessing a range of statistics to determine if activities are having the desired impact and to confirm future priority areas. The primary focus will remain on the delivery of core functions, but SFRS will also consider how they may collaborate more to expand their reach and support a wider range of local needs.

### **SCOTTISH FIRE AND RESCUE SERVICE, INVERCLYDE LOCAL FIRE AND RESCUE PLAN: CONSULTATION**

Following publication of the Scottish Fire and Rescue Strategic Plan 2019-22 in October 2019, SFRS will be reviewing and revising the Local Fire and Rescue Plans over the next few months. This is to ensure local priorities align to new strategic ambitions as well as remain relevant to local risk.

To support the review, the Local Senior Officer will be assessing a range of statistics to determine if activities are having the desired impact and to confirm future priority areas. The primary focus will remain on the delivery of core functions, but SFRS will also consider how they may collaborate more to expand their reach and support a wider range of local needs.

Your views are an important part of this review. Please participate in a short survey online which will be open until 18 March 2020.
