

# ***Inverclyde HSCP Learning Disability Re-Design Newsletter***

Hello, everyone!

I hope you and your family are safe and well!

Thank you to everyone for being patient while we try to get services back up and running.

We have been able to welcome some people back to Fitzgerald Centre and Outreach for some short support sessions

We need to make sure we are following all of the Scottish Government Guidelines for Coronavirus which means we can't provide support like before

We need to make sure everything is safe!

Soon, we will be starting to ask you questions about the new Community Hub!

Because we can't meet in groups, we need to have online meetings!

We need people to join our Expert Team to help give us ideas for the new hub.

We've attached a form and contact details for you to get in touch with Michael from TAG!

All your ideas and thoughts will help us to plan the design of the hub!

Thank you again for all your support!

Stay Safe!

Allen Stevenson

Head of Health and Community Care

## How did we pick the site?

We asked you where you thought would be a good place to build the new Community Hub

A group of people from across the council and the HSCP then met to look at all the possible sites

They were asked to score the sites on where they thought would be best to build it.

So they had to think on whether it was good for transport links? Was it close to the centre of the town?

...and out of all the sites that were suggested, the site at Brachelston Street (old Hector McNeil Baths) came out on top!

## New Faces in the CLDT...

There are some new faces in the Community Learning Disability Team. Physiotherapist, Veronique Preud Homme and Learning Disability Nurse, Claire Dewar have both joined the team.

Our Day Opportunities Service also said goodbye to long serving member of staff Ann McNaught. Ann has now retired after many years of working at Fitzgerald Centre. Everyone at Inverclyde HSCP would like to wish Ann a long and happy retirement.
