

Inverclyde Children's Services Plan Annual Report 2020/21

Welcome to the Inverclyde Children's Services Annual Report 2020/21 for Inverclyde Council and HSCP. Inverclyde can rightly be very proud of its Children's Services and the outcomes achieved for the young people and their families in Inverclyde. These strong outcomes are achieved through ensuring that services are joined up, communicating effectively and keeping the needs of children and their families at the heart of anything we do.

In Inverclyde we have strong and often sector leading provision across our Children's Services. This includes our Children's Homes, our work to address the poverty related attainment gap and our provision for early years.

The Strategic Children's Services Plan 2020 - 2023 was developed on the back of strong self-evaluation. Data was used to analyse where the services are performing well and also where further improvement is needed. The voice of young people and their families runs throughout the plan. This Annual Report shows the progress we have made in delivering the plan against the four key priority areas we have identified. Whilst COVID-19 has continued to impact on services and service delivery, the plan identifies key areas across all of the priorities where progress has been made. These include the establishment and ongoing work of Quality Assurance Groups for GIRFEC, the progress of the Children and Young People's Community Mental Health (CYPCMH) agenda, the ongoing work in relation to the Scottish Attainment Challenge and the Child Poverty Action Group as well as the establishment of the I – Promise Team.

Strong Children's Services make sure that a holistic approach is taken to meet the needs of young people and their families. This is why the ethos of Getting it Right For Every Child has been adopted across the whole of Inverclyde to ensure that we nurture our young people, our families and our communities.

Priority Theme 1: - *To utilise our learning from the Addressing Neglect and Enhancing Wellbeing work stream to further embedded GIRFEC in Inverclyde to improve outcomes for children and their families by developing a strong professional base for identifying, understanding and responding to need at the earliest opportunity, with clear, agreed, high quality multi agency approaches throughout a child's experience.'*

Outcomes:

- 1.1 Children, young people and families experience seamless, consistent and effective transitions along the GIRFEC pathway
- 1.2 Children, young people and families benefit from professionals working in collaboration and having a shared understanding and focus on children's wellbeing.
- 1.3 Children, young people and families are supported by named persons and a team around the child who are confident and skilled in identifying need at the earliest opportunity and identifying the right support and the right time to stop bigger problems developing.
- 1.4 The team around the child can evidence the effectiveness of their support and learn what works well.

Upholding UNCRC: Article 3 – Best interest of the child, Article 5 – Parental Guidance and child's evolving capacities, Article 6 – Life survival and development, Article 8 – Protection of Identity, Article 9 – Separation from Parents, Article 12 – Respect for the views of the child, Article 18 – Parental responsibilities and state assistance, Article 19 – Protection from violence abuse and neglect, Article 23 – Children with a disability, Article 24 – Health and Health Services, Article 27 – Adequate standard of living, Article 28&29 – Education & Goals of education, Article 33 – Protection from illegal use of Drugs, Article 34- protection from sexual abuse and exploitation, Article 37 – Protection from inhumane treatment and detention, Article 39 – Recovery from Trauma, 42 – Knowledge of Rights

Key Performance Indicators and measures used for this outcome will be:

All single agency and multi-agency child's plans are consistent.

Consistent understanding and approaches by professionals in relation to identification and response to wellbeing needs

Increased range of supports for parents and carers at universal level to support their children's wellbeing

Priority Area 1

To further embed GIRFEC in Inverclyde to improve outcomes for children and their families by developing a strong professional base for identifying, understanding and responding to need at the earliest opportunity, with clear, agreed, high quality multi-agency approaches throughout a child's experience.

Outcome	Development Area	Actions	Update
1.1 1.2 1.3 1.4	For Children, young people and families to experience seamless, consistent and effective transitions along the GIRFEC pathway we need to understand what is working well and have a consistent approach to multi-agency quality assurance of the GIRFEC pathway.	Define, design and deliver the GIRFEC Pathway multi-agency Quality Assurance process to create a continuous improvement cycle.	<p>A screening tool was developed and one meeting of the GIRFEC Quality Assurance group took place in October 2019. The pandemic interrupted further meetings, however, the GIRFEC QA group was reconvened in March 2021.</p> <p>The GIRFEC QA group will audit referrals from universal services to Request For Assistance. A second audit group 'Tracing the child's journey through universal provision' is designed to audit early and effective intervention within universal services.</p> <p>It is expected that any audit tools will be moderated as we put them into practice. Meetings are multiagency and will obtain learning from best practice examples as well as examples of where things have not gone so perfectly to plan. It is possible that both streams will combine as we get more adept at audit work in this area.</p>
1.4	In order for Children, young people and families to be supported by a confident and skilled named person and the team around the child the TAC	<p>Establish a performance management working group to:</p> <p>a) Discover, define, design and deliver a process for improving participation and feedback from</p>	A performance management working group has met and agreed the audit work described above. The group will meet during 2022 to review the findings from initial audit work. The group will then begin to scope out a data set towards annual reporting.

Priority Area 1

To further embed GIRFEC in Inverclyde to improve outcomes for children and their families by developing a strong professional base for identifying, understanding and responding to need at the earliest opportunity, with clear, agreed, high quality multi-agency approaches throughout a child's experience.

Outcome	Development Area	Actions	Update
	need to be able to evidence the effectiveness of their support and learn what works well.	<p>children, young people and their families</p> <p>b) Define performance measures for evidencing the effectiveness of TAC support based on agreed minimum standards.</p> <p>c) Design and deliver a data set /reporting structure to enable an evidence based annual performance report to be produced.</p>	<p>This will link in with National Data Set work through CSP strategic leads</p> <p>A performance management working group also exists as a sub group of Inverclyde Child Protection Committee. The CPC sub group views child protection performance management on a GIRFEC continuum, recognising the importance of early and effective intervention to mitigate risk, and therefore is asking questions of and planning to conduct audits in relation to step down from child protection to children in need and children in need to universal services. A future ambition will complement the GIRFEC QA group with review of multi-agency plans.</p>
1.1 1.3	Children's assessments, plans need to be clear, easy for families to understand and look the same from each agency and	Design and deliver a suite of child planning paperwork and tools that is consistently used across all agencies.	<p>Health visiting have modified their child assessment and planning document to reflect those of other services. Training in the Shared Chronology has taken place within health, education and children and families social work.</p> <p>The intention is for the working group to review and align paperwork</p>

Priority Area 1

To further embed GIRFEC in Inverclyde to improve outcomes for children and their families by developing a strong professional base for identifying, understanding and responding to need at the earliest opportunity, with clear, agreed, high quality multi-agency approaches throughout a child's experience.

Outcome	Development Area	Actions	Update
	the service processes must aid seamless transition		Evidence of this aim will be monitored via audit work and any recommendations resulting from this, these being relayed via the Performance Management Working Group – also to link in with GIRFEC National Agenda
1.1 1.3	To ensure that children receive the right support and the right time to stop bigger problems developing referral routes for named persons for mental / physical health and wellbeing supports need to be simplified	Explore electronic system of referral for enhanced universal supports.	See link with Priority 2 - Action for Children
1.2	To ensure that children, young people and families benefit from professionals working together to develop further collaboration between agencies by prioritising time for enhancing professional networks	<p>a) Collaborative events are planned focusing on understanding roles and building networks.</p> <p>b) Practitioner to practitioner informal collaboration to be actively promoted and supported</p>	<p>Evidence from the ongoing audit work will provide information as to whether there remains a gap in provision in these areas. A group supervision model can be scoped out as an action from the Performance Management Working Group which has been developed.</p> <p>There are emerging links between practitioner forums, and shared training opportunities, ie trauma informed practice</p>

Priority Area 1

To further embed GIRFEC in Inverclyde to improve outcomes for children and their families by developing a strong professional base for identifying, understanding and responding to need at the earliest opportunity, with clear, agreed, high quality multi-agency approaches throughout a child's experience.

Outcome	Development Area	Actions	Update
		c) A model for group supervision sessions for team around the child are defined, designed and delivered	<p>A number of collaborative events took place during 2019 via the ANEW (Addressing Neglect, Enhancing Wellbeing) project.</p> <p>b) Multi-agency training delivered in Spring 2021 in relation to the Assessment of Care (neglect) toolkit has promoted collaborative working, particularly across social work and health. Evidence from 8 weekly GIRFEC QA meetings will be collated to support informal collaboration</p> <p>Development opportunity from trauma informed meetings piloted by Educational Psychology</p> <p>The intention going forward is that this area of work will be embedded within the School Based SW Pilot across two education sites and will be a test for change area</p>
1.2 1.3	To ensure that children, young people and families benefit from professionals having a shared understanding and focus on children's wellbeing an authority wide focus on children's wellbeing is required at all levels	a) A GIRFEC training sub group to be formed to include all agencies.	a) The CPC training sub group has devised and delivered multiagency training (in relation to neglect, and child protection awareness) along the GIRFEC continuum. A proposal has been approved by the sub group and via CPC for the group to continue to develop training across the GIRFEC continuum.

Priority Area 1

To further embed GIRFEC in Inverclyde to improve outcomes for children and their families by developing a strong professional base for identifying, understanding and responding to need at the earliest opportunity, with clear, agreed, high quality multi-agency approaches throughout a child's experience.

Outcome	Development Area	Actions	Update
	of the workforce and across agencies.	<p>b) Discover, define and design a training plan for understanding, identifying and responding to wellbeing needs and developing a shared value base</p> <p>c) Design, develop and deliver a consistent model for all training to be implemented with coaching /modelling.</p>	 <p>Children's services strategic group - GIRF</p> <p>b) A training plan that incorporates initiatives developed within the mental health and wellbeing strand and takes account of the language and value base incorporated within The Promise. Learning from the Whole Family approach to substance will also inform this plan.</p> <p>c) we have identified that the work undertaken with CELCIS by the ANEW project into implementation theory, promoting a Plan, Do, Review cycle would be an appropriate model to adopt across all training</p>
1.3 1.4	In order for children, young people and families to be supported by a confident, skilled and skilled named persons and the team around the child, we must ensure that we support and invest in the workforce with	<p>a) GIRFEC guidance and practice tools to be updated to support the named person and team around the child and clearly define the roles and functions and duties.</p> <p>b) Briefing on updated guidance to be delivered universally</p>	<p>a) Practice guidance was developed in relation to Equal Protection legislation utilising GIRFEC principles and this could prove a model for other guidance. Scottish Government is undertaking a GIRFEC refresh which clarifies the role of the named person.</p>

Priority Area 1

To further embed GIRFEC in Inverclyde to improve outcomes for children and their families by developing a strong professional base for identifying, understanding and responding to need at the earliest opportunity, with clear, agreed, high quality multi-agency approaches throughout a child's experience.

Outcome	Development Area	Actions	Update
	good quality guidance, tools, training and coaching.	c) Support the development of Named Persons and teams around the child through training and coaching	<p>b) A 7 minute briefing could be devised to explain the GIRFEC refresh and could be delivered to teams on a single or multiagency basis</p> <p>c) Audit work will evidence the effectiveness of these currently and will identify any need for further training or coaching.</p>
1.3	To ensure that we support parents to be the type of parents they want to be we shall provide appropriate levels of support and advice tailored to their children's emotional, social and developmental needs.	<p>Discover and design an extended parental support programme with third sector partners.</p> <p>Improve promotion and resourcing of tailored parenting programmes or approaches with communication strategy.</p> <p>Review Inverclyde parenting strategy in line with developments</p>	<p>Groupwork has been suspended over much of Covid pandemic, however</p> <p>children families teams are providing 1:1 support to children and to families.</p> <p>The training programme has been suspended due to Covid, talks to reinstate training programme will commence in New year, including partners.</p> <p>Psychology of parenting, Incredible years and Sandstories are some of the programmes being considered with Health and Third Sector partner</p>

Priority Theme 2: - *Mental health is everyone's business and it affects all aspects of a child and young person's development. The promotion of a whole community approach to understanding mental health, wellbeing and the impact of trauma is essential.*

Outcomes:

- 2.1 Community based support for children young people and their families' mental health is strengthened
- 2.2 Support for children and young people to cope with stress is strengthened and further provision of strategies to prevent substance and alcohol abuse
- 2.3 There is increased participation of children, young people and parents/carers in co-production design, redesign and evaluation of mental health supports and services.
- 2.4 The children service workforce in Inverclyde is invested in and is supported to continue to care
- 2.5 Children, young people and families consistently experience nurturing, compassionate and respectful relationships when engaging with services.

Upholding UNCRC: Article 2 – Non-discrimination, Article 3 – Best interest of the child, Article 5 – Parental Guidance and child's evolving capacities, Article 6 – Life survival and development, Article 12 – Respect for the views of the child, Article 13 – Freedom of expression, Article 14, Freedom of thought, belief and religions, Article 16 – Right to privacy, Article 17. Access to information, Article 18 – Parental responsibilities and state assistance, Article 19 – Protection from violence abuse and neglect, Article 23 – Children with a disability, Article 24 – Health and Health Services, Article 29 - Goals of education, Article 31, Leisure, play and culture, Article 39 – Recovery from Trauma, 42 – Knowledge of Rights

Key Performance Indicators and measures used for this outcome will be:

There will be an increase in the numbers of CYP accessing mental health and wellbeing targeted support from non-statutory services

Priority Area 2

Mental health and wellbeing are everyone's business and affect all aspects of a child and young person's development. The promotion of a whole community approach to understanding mental health, wellbeing and the impact of trauma is essential.

Outcome	Development Area	Actions	Update
2.1	We need to strengthen community based support for children, young people and their families' mental health	Increase mental health and wellbeing supports in community settings that are easily accessible and appropriate to needs – including the provision of access and support beyond 9 to 5 Monday to Friday services	<p>The Children and Young People's Community Mental Health (CYPCMH) agenda has led to an enhancement in staffing from Barnardo's and Action for Children (AfC) for this targeted area. Furthermore, a Research Assistant (RA) has been employed who is based within the Educational Psychology Service. Three key aspects from the CYPCMH agenda are now being actioned:</p> <ul style="list-style-type: none"> • The <i>No Wrong Door</i> approach is being developed to ensure that there is a single point of access to mental health services. • Staff from Barnardo's are involved in the Additional Support Needs (ASN) Forum to assume casework where mental health issues within family settings are being seen to impact on children and young people's

Priority Area 2

Mental health and wellbeing are everyone's business and affect all aspects of a child and young person's development. The promotion of a whole community approach to understanding mental health, wellbeing and the impact of trauma is essential.

Outcome	Development Area	Actions	Update
			<p>participation in education. This is providing systemic change in the <i>Community Strength</i> priority area.</p> <ul style="list-style-type: none"> • The RA is working with service users and AfC to develop an out of hours support service that is tailored through feedback. • AfC targeted a group of pupils transitioning from P7-S1 in summer 2021, where family based mental health has been seen as a barrier to engagement and where non-attendance was a core issue, with emerging evidence of impact.
2.2	<p>We need to strengthen the support we give to children and young people to cope with stress</p> <p>We need to increase the support provided to young people in relation to substance and alcohol misuse</p>	<p>Provide a suite of appropriate support for children and young people to deal with stress.</p> <p>Review the PSE curriculum in relation to drugs and alcohol in line with the NHS Greater Glasgow and Clyde Alcohol and Drug Prevention Framework</p> <p>Review the partnership working arrangements to provide the best and</p>	<p>The Inverclyde Wellbeing Service is now entering Year 2 of its development. This service is provided via Action for Children. It works with children and young people from 5 to 18 years of age. Key areas that service users have raised are low mood, anxiety and stress. The three Key Performance Indicators (KPIs) set for the service in year 1 were overtaken.</p> <p>Staff from Community Learning and Development are collating and developing resources in this area with specific reference to exam stress.</p> <p>A multi-disciplinary working party, led by a member of staff from the Education Officer (EO) team, is currently reviewing the curriculum in this area.</p>

Priority Area 2

Mental health and wellbeing are everyone's business and affect all aspects of a child and young person's development. The promotion of a whole community approach to understanding mental health, wellbeing and the impact of trauma is essential.

Outcome	Development Area	Actions	Update
		most appropriate support for young people involved in substance and alcohol misuse.	The EO is linked to the work of the Inverclyde Alcohol and Drugs Partnership (ADP) and is supporting the development work within this priority.
2.3	We need to increase participation of children, young people and parents/carers in co-production design, redesign and evaluation of these supports and services. This would include incorporating their lived experience into design.	<p>Develop a sustainable young person advocacy service that focuses on children and young people being at the heart of the development and design of mental health and wellbeing services.</p> <p>Establish a learning network that allows the voice of children, young people to be heard and actioned.</p>	<p>This area is being taken forward as part of the <i>Nothing About Me Without Me</i> priority from the CYPCMH agenda. The RA is currently working with services and service users to support systemic user led change. The work is taking place initially with pupils from St Stephen's HS and Port Glasgow HS. The plan is to move this across all high schools and work in the primary sector too evolving change in the system through feedback along the way.</p> <p>The RA has been working with the Children's Rights and Information Officer to develop the network and to use the outcomes from it to shape services.</p>
2.4	The children service workforce in Inverclyde is invested in and is supported to continue to care	Undertake a training need analysis to understand the training needs of the children's service workforce in relation to promoting good mental health and responding to trauma at every level.	Inverclyde Educational Psychology Service has been central to the development of the Coping With Adversity (CWA) model. This was developed alongside partners from Lomond View Academy and Kibble School as part of the Scottish Attainment Challenge. This model is based on the Three Pillars of Trauma – Safety, Connections and Self-Regulation. It aims to provide staff with a background understanding of

Priority Area 2

Mental health and wellbeing are everyone's business and affect all aspects of a child and young person's development. The promotion of a whole community approach to understanding mental health, wellbeing and the impact of trauma is essential.

Outcome	Development Area	Actions	Update
2.5	Children, young people and families consistently experience nurturing, compassionate and respectful relationships when engaging with services.	<p>Training opportunities will be available at each level with priority given to those who work with children and young people with multiple adversities.</p> <p>Establish mental health leaders within the workforce and community to support children / young people to feel safe in their environment.</p>	<p>trauma and aligns theory to practice to ensure maximum impact. The model is updated regularly with the latest part of its evolution focusing on the role of play in the processing of trauma. An implementation team exists to roll out the model and this team has been augmented by social work staff in order to facilitate consistency of practice across the local authority. The implementation team will work with the Children and Family Social Work Team to ensure that there is commonality across EPs and SWs. From here it will look to pilot the resources. Staff from EPS have been continuing to develop training materials and the implementation plan based on a <i>few, some, all</i> approach.</p>

The CYPCHM has three key priority areas:

- No Wrong Door – streamlining access to mental health services.
- Community Strength – providing direct support to families.

- Nothing About Me Without Me – supporting members of the community to develop and shape mental health services.

Priority Theme 3: To reduce the inequalities of health and educational outcomes linked to deprivation

Outcomes:

- 3.1 Through the Child Poverty Action Group mitigate the impact of poverty on families in Inverclyde.
- 3.2 Reduce inequalities of educational outcomes linked to deprivation.
- 3.3 Reduce inequalities of health outcomes linked to deprivation.

Upholding UNCRC: Article 2 – Non-Discrimination, 3 – Best interest of the child, Article 6 – Life survival and development, Article 12 – Respect for the views of the child, Article 15 – Freedom of Association, Article 17 – Access to Information, Article 18 – Parental responsibilities and state assistance, Article 19 – Protection from violence, abuse and neglect, Article 23 – Children with a disability, Article 24 – Health and Care Services, Article 26 – Social Security, Article 27 – Adequate standard of living, Article 28 & 29 – Education & Goals of Education, Article 31 – Leisure, play and culture, Article 39 – Recovery from trauma and reintegration, Article 42 – Knowledge of Rights

Key Performance Indicators and measures used for this outcome will be:

Decrease the attainment gap between pupils in SIMD 1-2 and 3-10 for key Broad General Education and Senior Phase.

Increased uptake in breastfeeding.

Reduce risk of obesity at the P1 stage.

Increase uptake of free school meals in secondary schools.

Priority Area 3

To reduce the inequalities of health and educational outcomes linked to deprivation.

Outcome	Development Area	Actions	Update
3.1	Mitigate the impact of poverty on children and families in Inverclyde through the Child Poverty Action Plan	<p>Support the CPAG in the delivery of the Local Child Poverty Action Report which includes actions in relation to:</p> <ul style="list-style-type: none"> • Opportunities and apprenticeships for 16-24 year olds • Supporting Care Experienced Young People <ul style="list-style-type: none"> • Roll out of Cost of Living and Cost of the school day practices • Improve Digital Inclusion 	<p>Ongoing work to review the menu of opportunities open to all pupils via the council as well as via partners such as Skills Development Scotland. An Education Officer is leading on this work with a revised senior phase action plan now in place. There is an Association of Directors of Education Scotland (ADES) Peer review planned for Jan 22 to further support identification of areas of strength and next steps. 2 schools are bringing in MCR pathways and 3 schools will be working with Columba 1400 in 2021/22 to provide support to pupils. The establishment of a Virtual School for Inverclyde is underway linking in with Priority 4 and the Promise .</p> <p>All schools now have full and final Pupil Equity Fund plans in place with an ongoing focus on Cost Of The School Day.</p> <p>There is ongoing work to ensure pupils have digital access inc the further distribution of laptops to all secondary pupils from SIMD 1 and 2.</p>

Priority Area 3

To reduce the inequalities of health and educational outcomes linked to deprivation.

Outcome	Development Area	Actions	Update
		<ul style="list-style-type: none"> • Improve and Increase Workforce Development within and across the partner agencies • Improve Housing and Housing Support Policies 	<p>The Education and Communities Committee have now approved the service's digital strategy.</p> <p>The Apprenticeship and pre-apprenticeship programmes for young people who are disengaged with learning or at risk of leaving school without qualifications has now ceased. Work is ongoing to look at employability programmes as well as look at alternative pathways as part of the Senior Phase Action plan.</p> <p>Riverclyde Homes (RCH) as a lead Registered Social Landlord has established multi-skilled team to deliver support to prevent tenancy failure: Since recruiting the Tenancy Support Mentor and Income Maximisation Officer in April they have undergone a period of training and have been linking in with local organisations to introduce the project. The project aims to use a mix of referral pathways both internally and via partners and direct targeting of customers. It is expected that referral pathways will take longer to establish therefore the service has concentrated on direct targeting in this early stage of the project. The first area targeted during the initial few months has included new and prospective RCH tenants. This is achieved by using RCH's Housing Management system to identify new customers and the team are making direct contact to offer</p>

Priority Area 3

To reduce the inequalities of health and educational outcomes linked to deprivation.

		<ul style="list-style-type: none"> Mitigate Food Insecurity 	<p>contributing RSLs who will manage the properties once purchased. An Acquisition Programme Delivery Group has been established to provide a swift response to suitable opportunities on the market and ensure that the Programme delivers on its aims; one of which is to secure stock for households with particular requirements."</p> <p>Inverclyde Council has committed a further £30,000 per year for two years to maintain and support the Grieve Road Zero Waste Food Pantry. This funding will enable The Pantry to continue to provide fresh affordable surplus food to its existing members. The membership of the pantry is at capacity with more than 700 members, more than 200 are travelling from East End of Inverclyde and Port Glasgow. The funding from Inverclyde Council has provided leverage for the project to successfully received additional money from the Lottery to establish a second pantry in the Port Glasgow area. Work has been planned to open this second pantry early January 2022.</p> <p>Inverclyde Council will also continue to pay for two Glasgow Fare Share memberships to ensure weekly surplus food is available in Inverclyde. This membership currently supports the Grieve Road Pantry and food distribution from Parklea Branching Out to families in the Port Glasgow area. It is likely that this membership will provide surplus food to the Port Glasgow Pantry to ensure sustainability and encourage people</p>

Priority Area 3

To reduce the inequalities of health and educational outcomes linked to deprivation.

Outcome	Development Area	Actions	Update
		<ul style="list-style-type: none"> Support Lived Experience (deeper engagement with those people and communities who have first-hand experience of poverty, inequality and restricted life chances) 	<p>to access the pantry to maintain their dignity rather than rely on free food. Discussions are ongoing.</p> <p>Scottish Government announced an additional funding for support people during the Winter 2021 facing financial, food or fuel insecurity. Discussions and proposals are ongoing regarding the outcome for this additional funding. Decisions will be agreed at Inverclyde Council Committee in November 2021.</p> <p>Progress and development of the Anti-Poverty initiatives implemented with the £1 million funding can be found https://www.inverclyde.gov.uk/meetings/meeting/2400</p> <p>The Communications and Engagement Groups have been created in the 6 localities across Inverclyde. These groups are working with local people to build confidence and capacity to encourage involvement in local democratic decision making. The Communication and Engagement Groups have representations from across the socio-economic groups in Inverclyde including people with lived experience of poverty and low income. The Communication and Engagement Groups are included as part of the Locality Planning Group which are also being established. It is anticipated that young people facing the greatest inequalities will also be engaged in this local decision making process using both existing youth groups and establishing new group where appropriate.</p>

Priority Area 3

To reduce the inequalities of health and educational outcomes linked to deprivation.

Outcome	Development Area	Actions	Update
			The Cost of the School Day Team has been re-established to identify actions and services that will support children and young people living in poverty. The team will ensure that new policy and areas of development are implemented through the poverty lens, and share impact and good practice examples.
3.2	Reduce inequalities of educational outcomes linked to deprivation	<p>Focussed and continued work on reducing the educational attainment gap linked to deprivation.</p> <p>Under take specific focussed work to improve school attendance and to support families to overcome barriers to attendance at school</p> <p>Within the Attainment Challenge review approaches to tracking, supporting and ensuring improving outcomes for all LAC pupils</p> <p>Continue to develop approaches to QA to ensure high quality teaching for all</p>	<p>The 2021/22 Scottish Attainment Challenge plan continues to be implemented. Much of this plan is in line with the previous one with a further focus on recovery designed to ensure that all schools are using additional staffing / budget to best effect e.g. PEF and recovery staff linked to Scottish Government grants.</p> <p>The work to support schools with attendance is ongoing. Work with the Education Scotland Attainment Advisor is now under way again after the impact of COVID 19.</p> <p>This work is ongoing and a full overview of LAC data has been collated.</p> <p>A new framework for school improvement with a focus on peer review has been developed and is ready to be</p>

Priority Area 3

To reduce the inequalities of health and educational outcomes linked to deprivation.

Outcome	Development Area	Actions	Update
		Continue to support schools to improve the attendance of all pupils but with a focus on SIMD 1, 2, ASN and LAC	implemented from Spring 22 subject to guidance allowing for this. Recovery Associates (experienced head teachers) have been put in place and their work is well under way – Education Scotland will be reviewed this approach as part of a national thematic inspection into recovery in Dec 21. Early evidence is that the approach is being well received and having impact.
3.3	Reduce inequalities of health outcomes linked to deprivation	<p>Continued work to develop healthy lifestyles for families with children in their early years. This will focus on active, outdoor play and healthy eating.</p> <p>All ELC settings will review their active, outdoor play and healthy eating curriculum offers.</p> <p>Children and Family Centres will further develop family learning programmes on healthy lifestyles.</p> <p>ELC settings will identify children and families at risk and undertake targeted interventions in partnership with other agencies.</p>	<p>The Principal Teacher for Early Learning and Childcare is leading a group of practitioners to develop outdoor play and healthy eating guidance. This information will be available in the Spring term of 2022.</p> <p>Some restrictions in outdoor learning have been in place due to COVID 'bubbles'. As these have now been removed settings have reverted to unrestricted access to outdoor learning. This includes active play including risky and loose parts play. Many settings have a programme of 'Forest School' visits.</p> <p>Snacks and lunches are provided in line with national guidance. Where families provide packed lunches information on content is provided in a user friendly format.</p> <p>The tooth brushing programme had been reduced during COVID – 19. This has now being re-introduced in all settings.</p>

Priority Area 3

To reduce the inequalities of health and educational outcomes linked to deprivation.

Outcome	Development Area	Actions	Update
		<p>Promote active lifestyles and healthy eating for families</p> <p>Provide sustainable and targeted support, promotion and safeguarding of breastfeeding in Inverclyde.</p>	<p>Family learning programmes continue to be restricted due to COVID-19. Virtual offers e.g. cookery, yoga are continuing alongside outdoor activities such as walking groups. Local community venues are also being used to provide carer and toddler groups and Bookbug.</p> <p>Children / Family Centre continue to support families where there is food insecurity. There has also a universal offer of foodshare in many settings.</p> <p>Targeted support on a 1:1 basis has continued. Many creative approaches to support families are evident. Effective partnerships with agencies are in place.</p> <p>Inverclyde are sitting around 28% for any breastfeeding at 6 weeks. The Breast feeding mural is going ahead on Nicholson Street, this is in Partnership with Oak tree housing and local young people. Training to start with local council staff to try and change culture. Breastfeeding network training of a group of local mums to be Breast Feeding Supporters commenced 1st of November.</p> <p>Enhanced breastfeeding support provided through our PFG and Breast Feeding Collaborative has improved both mother's confidence and sustainability of breastfeeding locally. Breastfeeding Welcome Scotland Scheme has evaluated well. Through partnership working local businesses</p>

Priority Area 3

To reduce the inequalities of health and educational outcomes linked to deprivation.

Outcome	Development Area	Actions	Update
			<p>have provided innovative solutions to support local mums when breastfeeding in public despite Covid-19 restrictions. Following the lifting of these restrictions the pace of sign up to the scheme has increased. Feedback from mothers and staff highlight a dedicated and motivated local Breastfeeding team which provides the highest evidence based information that is person centered.</p> <p>Outreach work and scoping has highlighted many key partners who are committed to working in collaboration to help drive the Breast Feeding agenda forward E.g.: Police, Fire, Barnardos, Local Businesses and shops, Compassionate Inverclyde, Greenock Camera Club, Social Work, Learning Disability Team, Schools, Foster Carer's. Local Breast Feeding team have a successful Facebook page and continue to evaluate and grow initiatives to increase Breast feeding uptake in Inverclyde.</p>

Priority Theme 4 - To further improve outcomes, including attainment, for care experienced children, young people and their families by developing a culture of ambition based on strong relationships that recognise the range of difficulties experienced by children and families and provide the scaffolding to protect safe, loving and respectful relationships.

Outcomes:

- 4.1 Inverclyde to progress and embed the foundations of The Promise by creating a dedicated I-Promise team, the I-Promise Board and implementing I-Promise across Inverclyde.
- 4.2 Improve support for attainment, attendance and positive destinations for looked after children, particularly those looked after at home.
- 4.3 Looked after children and young people will wherever possible continue to reside in their local community ensuring life-long family connections are supported and maintained with a focus on sibling relationships.
- 4.4 Families have access to early help and support and care experienced young people are fully supported throughout all transitions of being looked after to adulthood by a range of local services to develop a whole systems approach.

Key Performance Indicators and measures used for this outcome will be:

Multi-agency qualitative data, voices and views of care experienced children and young people, families and workforce. This will include adult services such as alcohol & drug recovery, mental health services how support parents and carers, their sector groups supporting work within communities. Information and learning from complaints and inspections. Process mapping of children and families care journey across agencies and by the use of chronologies.

Multi-agency quantitative data, local and national data and benchmarking.

Priority Area 4

To further improve outcomes, including attainment, for care experienced children, young people and their families by developing a culture of ambition based on strong relationships that recognise the range of difficulties experienced by children and families and provide the scaffolding to protect safe, loving and respectful relationships.
