

Inverclyde Community Choices

This is Inverclyde Council's new digital platform for Community Engagement. It has many features such as voting, debates and participatory budgeting (community choices) .

This guide will help you access the platform and provide a brief overview of how to navigate the platform.

For more support please contact CLD.Admin@Inverclyde.gov.uk or Tel 01475 715450

Information

myaccount is the secure and easy way to access your public sector services online. It saves you time and effort by allowing you to access services online, rather than in-person or through the post.

With a **myaccount**, you can:

- Access your public sector services online using just one username and password.
- Conveniently update your account details - like a new address or phone number - without needing to contact each individual organisation.
- Avoid having to re-register with local public sector services when you move to a new part of Scotland.
- Ensure your details remain secure and are visible only to the public sector services you choose to use.
- For some higher value or sensitive services, you may be asked to provide additional information to raise your verification level before you access these services e.g. your Council Tax Reference Number or verify your identity.

Follow the instructions, it will ask you at some stage if you want to use your email address as your username, click yes
