

Course Content

What's IT All About? This four week course is for learners with little or no experience with computers.

Topics include switching on a computer, Internet searching, Microsoft Word and email.

Bring IT On! This course is for learners with basic computing knowledge who want to learn more.

Basic iPad Class This basic iPad class covers settings, Safari, library e-resources, e-mail, camera use, Facetime and downloading apps.

iPad Workshop A four week course which is learner led. Anything learners want to learn about using an iPad.

Books for the Busy Come along and learn how to download library eBooks, eAudio books or eMagazines onto a tablet or iPad. You can then borrow and return books anytime!

Device Advice Needing help with your Android tablet or mobile phone? Make an appointment then come along for a half hour session.

Family History A six week course which is aimed at the absolute beginner. The course includes information about building your family tree, Inverclyde Heritage Hub resources and useful websites.
