Subject: 2016/17 DRAFT ANNUAL ACCOUNTS

1.0 PURPOSE

1.1 The purpose of this report is to present to the Inverclyde Integration Joint Board Audit Committee the Unaudited Accounts for the Integration Joint Board (IJB) for 2016/17.

2.0 SUMMARY

- 2.1 Integration Joint Boards (IJBs) are specified as 'section 106' bodies in terms of the Local Government (Scotland) Act 1973, and consequently are expected to prepare their financial statements in compliance with the Local Authority Accounts (Scotland) Regulations 2014 (the regulations) and the Code of Practice on Accounting For Local Authorities in the United Kingdom.
- 2.2 The Scottish Government introduced the regulations to update the governance arrangements relating to the authorisation and approval of a section 106 body's annual accounts. These regulations require the IJB, or a committee of the IJB whose remit includes audit and governance, to consider the unaudited accounts prior to 31 August.

3.0 RECOMMENDATIONS

3.1 It is recommended that the Inverclyde Integration Joint Board Audit Committee considers and reviews the Unaudited Annual Accounts for the Inverclyde Integration Joint Board for the year ended 31 March 2017.

Louise Long Chief Officer

Lesley Aird Chief Financial Officer

4.0 BACKGROUND

- 4.1 On 10 October 2014 the Local Authority Accounts (Scotland) Regulations 2014 came into force. The Scottish Government also provided additional guidance on the application of these regulations.
- 4.2 The regulations provide clearer definitions of the roles and responsibilities of Board Members and Officers in respect of the authorisation and approval of a section 106 body's annual accounts.
- 4.3 These regulations apply to any annual accounts with a financial year that begins from 1 April 2014 and therefore govern the preparation of the IJB's 2016/17 annual accounts.

5.0 ANNUAL GOVERNANCE STATEMENT 2016/17

- 5.1 The regulations require the Annual Governance Statement be approved by the IJB following an assessment of both the effectiveness of the internal audit function and the internal control procedures of the IJB.
- 5.2 The IJB considered and approved the draft Annual Governance Statement at its meeting of 12 June.

6.0 UNAUDITED ACCOUNTS

- 6.1 The regulations require that the unaudited accounts are submitted to the auditor no later than the 30 June immediately following the financial year to which they relate. The unaudited accounts for Inverclyde for 2016/17 were submitted to Audit Scotland on 26 June 2017.
- 6.2 The IJB Audit Committee must meet to consider the unaudited annual accounts as submitted to the external auditor no later than 31 August immediately following the financial year to which the annual accounts relate.

7.0 APPROVAL AND PUBLICATION OF AUDITED ACCOUNTS

- 7.1 The regulations require that the audited annual accounts should be considered and approved by the IJB Audit Committee having regard to any report made on the audited annual accounts by the proper officer¹ or external auditor by the 30 September immediately following the financial year to which the accounts relate. In addition any further report by the external auditor on the audited annual accounts should also be considered by the IJB Audit Committee.
- 7.2 The IJB Audit Committee will consider the external auditors report and proposed audit certificate (ISA 260 report) prior to inclusion in the audited annual accounts. Subsequently, the external auditor's Board Members Report and the audited annual accounts will be presented to the IJB for approval and referred to the IJB Audit Committee for monitoring of any related action plan.
- 7.3 In order to comply with the regulations, it is proposed that the ISA260 and Board Members Report, together with a copy of the audited annual accounts, is considered by the IJB Audit Committee and thereafter referred to the IJB for approval prior to the 30 September in the year immediately following the financial year to which they relate.
- 7.4 The regulations require that the annual accounts of the IJB be available in both hard copy and on the website for at least five years together with any further

¹ The Proper Officer is set out in Section 95 of the Local Government (Scotland) Act 1973. In Inverclyde IJB this role is fulfilled by the Chief Financial Officer.

reports provided by the external auditor that relate to the audited accounts.

- 7.5 The annual accounts of the IJB must be published by 31 October and any further reports by the external auditor by 31 December immediately following the year to which they relate.
- 7.6 The table below summarises the key required and proposed dates for the 2016/17 annual accounts.

8.0 2016/17 UNAUDITED ANNUAL ACCOUNTS

- 8.1 The Accounts have been prepared in line with guidance issued by CIPFA and provide an overview of the financial performance of the IJB through the following statements:
 - Management Commentary
 - Statement of Responsibilities
 - Annual Governance Statement
 - Remuneration Report
 - The Financial Statements
 - Notes to the Financial Statements
- 8.2 For 2016/17 the IJB budgeted to deliver Partnership Services at a cost of £126.142m. During year funding adjustments increased this budget to £127.495m. To ensure that the accounts reflect the amount spent in delivery of services to people of Inverclyde, a number of other fully funded budgets have also been reflected. These include:
 - Set Aside notional spend on Large Hospital Services £16.439m
 - The net impact of services hosted by other IJBs on behalf of Inverclyde offset by services hosted within Inverclyde for other IJBs £5.917m
 - Earmarked Reserves relating to Health and Social Care services transferred from Inverciyde Council to the IJB during the year £3.628m, of which £1.541m remained unspent by the yearend.

These bring the total IJB budgeted net expenditure for the year to £153.479m.

- 8.3 At 31 March 2017 the unaudited accounts reported a net spend of £149.980m, generating a surplus of £3.960m.
- 8.4 The majority of the £3.960m surplus relates to funds brought in as inherited earmarked reserves from Inverclyde Council and funds agreed through the Social

Care Fund for future year spend. The makeup of the surplus is detailed below:

	£m
Inherited Earmarked Reserves – balances c/fwd at yearend	1.541

Management Commentary

Introduction

This publication contains the financial statements for the first fully operational year of Inverclyde Integration Joint Board (IJB) for the year ended 31 March 2017.

The Management Commentary outlines the key messages in relation to the IJB's financial planning and performance for the year 2016/17 and how this has supported delivery of the IJB's core objectives. This commentary also looks forward, outlining the future financial plans for the organisation and the challenges and risks which we will face as we strive to meet the needs of the people of Inverclyde.

Inverclyde IJB

In Inverciyde we have an 'all-inclusive' health and social care partnership (HSCP). The Inverciyde IJB, commonly known as the Health and Social Care Partnership (HSCP) has responsibility for the strategic commissioning (either planning or direct service delivery, or both) of the full range of health and social care services; population health and wellbeing, statutory health and social work/ social care services for children, adults, older people and people in the community justice system.

From 1st April 2016, the IJB took formal delegated responsibility from the Greater Glasgow and Clyde Health Board and Inverclyde Council for the delivery and/or planning of local health and social care services.

For some services this delegation of responsibility means the IJB taking full responsibility for planning, management and delivery of service provision, while for others – notably hospital based services and housing – this will mean planning with partners who will continue to manage and deliver the services as part of wider structures (e.g. the Greater Glasgow & Clyde Acute Sector) or via external delivery agencies (e.g. Registered Social Landlords and Housing Associations).

Inverclyde is located in West Central Scotland along the south bank of the River Clyde. It is one of the smallest local authority areas in Scotland, home to 79,150 people and covering an area of 61 square miles. Our communities are unique and varied.

The IJB Strategic Plan 2016/19 outlines our vision for the Inverclyde Health & Social Care Partnership as well as our core objectives and services which are delivered through four core teams. The HSCP has worked hard during 2016/17 to deliver these; the operational HSCP Structure responsible for delivering services is illustrated below.

HSCP Operational Structure

The IJB Strategic Plan is supported by an operational plan and a variety of service strategies, investment and management plans which aid day to day service delivery. These plans and strategies identify what the IJB wants to achieve, how it will deliver it and the resources required to secure the desired outcome. The Strategic Plan also works in support of the Inverciyde Community Planning Partnership's Single Outcome Agreement and the Greater Glasgow

& Clyde Health Board Local Delivery Plan. It is vital to ensure that our limited resources are targeted in a way that makes a significant contribution to our objectives.

The Annual Accounts 2016/17

The Annual Accounts report the financial performance of the IJB. Its main purpose is to demonstrate the stewardship of the public funds which have been entrusted to us for the delivery of the IJB's vision and its core objectives. The requirements governing the format and content of local authorities' annual accounts are contained in The Code of Practice on Local Authority Accounting in the United Kingdom (the Code). The 2016/17 Accounts have been prepared in accordance with this Code.

The Financial Plan

IJBs need to account for spending and income in a way which complies with our legislative responsibilities.

For 2016/17 the IJB budgeted to deliver Partnership Services at a cost of £126.142m. During year funding adjustments increased this budget to £127.495m. To ensure that the accounts reflect the amount spent in delivery of services to people of Inverciyde, a number of other fully funded budgets are reflected. These include:

- Set Aside notional spend on Large Hospital Services £16.439m
- The net impact of services hosted by other IJBs on behalf of Inverclyde offset by services hosted within Inverclyde for other IJBs £5.917m
- Earmarked Reserves relating to Health and Social Care services transferred from Inverclyde Council to the IJB during the year £3.628m, of which £1.541m remained unspent by the yearend.

These bring the total IJB budgeted net expenditure for the year to £153.479m.

Performance

The HSCP tracks change in need and demand, and delivery of the National Wellbeing Outcomes through its performance management arrangements. Every service undergoes a quarterly service review, chaired by the relevant Head of Service. Service use, waiting times and any other pressures are closely reviewed alongside progress against the service's key objectives and delivery of outcomes. Any divergence from the agreed strategic direction is quickly identified and steps are put in place to get the service back on track. If there are notable differences between the service's performance and what has been planned for, then these differences are reported to the IJB along with a summary of the reasons for the divergence, and an outline of the planned remedial action in cases where the divergence is negative. This is reported through Performance Exceptions Reports, and these continue to be produced and published on a six-monthly basis. The legislation requires that we follow a prescribed format of annual performance reporting against the nine outcomes, based on 23 national indicators. The Scottish Government is currently developing the national performance reporting format, and draft data were issued late in 2016. Subsequently, we present our first annual report to the IJB and, thereafter, have it published by 31st July 2017.

Financial Performance

Financial information is part of our performance management framework with regular reporting of financial performance to the IJB. This section summarises the main elements of our financial performance for 2016/17.

(a) Partnership Revenue Expenditure 2016/17

Formal establishment of the Inverclyde IJB was 27 June 2015 with an agreed Integration Start Date of 1 April 2016.

In August 2015 and August 2016 due diligence was carried out to consider the sufficiency of the budget provided for the Partnership by Greater Glasgow & Clyde Health Board and Inverclyde Council. Through this baseline budget pressures amounting to £1m were identified around Mental Health Inpatient Services.

During the year the Partnership successfully mitigated the full value of the Health baseline budget pressure through a combination of measures, including: improved cost control and tighter absence management arrangements together with the use of one off monies received during the year for related activity. The health services expenditure therefore was kept within the overall budget.

Partnership services saw continued demand growth, particularly in Older People Residential and Nursing Homes where the number of beds required rose significantly at the beginning of the year. The Partnership was able to effectively manage this budget pressure in year and generate an overall surplus on social care services.

In previous years the Social Care budget has experienced a degree of short term volatility in certain demand led budgets. In order to address this any one off underspends on these budgets have been placed in Earmarked Reserves to cover any one off overspends in future years. In 2016/17 £0.376m was taken into the Adoption, Fostering and Residential fund within Children & Families and £0.250m was taken into a reserve for Older People Residential and Nursing Homes.

Total net expenditure for the year was £149.980m against the overall funding received of £153.940m, generating a revenue surplus of £3.960m. This was made up as follows:

Analysis of Surplus on Provision on Services

	£000
Balance of funds remaining on Earmarked Reserves transferred to the JB in year	1,541
SCF Projects agreed in 2016/17 with expenditure spanning more than one year	985

(b) The Balance Sheet

The Balance Sheet summarises the IJB's assets and liabilities as at 31 March 2017, with explanatory notes provided in the full accounts.

Financial Outlook, Risks and Plans for the Future

The UK economy was showing signs of recovery with inflation and unemployment falling and growth taking place in a number of sectors. The EU referendum result on 23rd June 2016 created some further, longer term, uncertainty and risk for the future for all public sector organisations.

Additional funding of £107m has been announced for Health and Social Care Partnerships for 2017/18 to address social care pressures, and in particular, to support providers to pay the Living Wage to care workers. Despite this, pressure continues on public sector expenditure at a UK and Scottish level with further reductions in government funding predicted to 2019/20.

In addition to economic performance, other factors will influence the availability of funding for the public sector including the 2017 local and general elections, financial powers arising from the Scotland Act 2012, recommendations arising from the Smith Commission, the introduction of a Single Tier Pension Scheme in 2016 and the demographic challenges that Inverclyde is facing.

The most significant risks faced by the IJB over the medium to longer term can be summarised as follows:

- the socio-economic and health inequalities prevalent in Inverclyde;
- the increased demand for services alongside reducing resources;
- the wider financial environment, which continues to be challenging; and
- the impact of Welfare Reform on the residents of Inverclyde.

The Inverciyde IJB has responsibility for social care and a range of health services. The IJB is responsible for financial and strategic oversight of these services.

Moving into 2017/18, we are working to proactively address the funding challenges presented while, at the same time, providing effective services for the residents of Inverclyde.

We have well established plans for the future, and the IJB Strategic Plan 2016/17 to 2018/19 was approved by the IJB in March 2016. This set out our ambitions and priorities for the subsequent three years and how we will work with our local communities and partners to achieve them. The vision of the Health and Social Care Partnership is about 'Improving Lives'. Taking into account the Scottish Government's national framework, the 2020 Vision for Health and Social Care through our Strategic Planning Group we have identified four values to underpin our vision that we believe will improve outcomes for all our residents now and in the future. These are illustrated below.

Vision and Values (2016-2019)

Conclusion

In a challenging financial and operating environment the IJB has successfully overseen the delivery of its Strategic Plan objectives and the delivery of all core services while undertaking a significant change programme designed to provide a more person centred model of care, deliver on early intervention and prevention ambitions and free up efficiencies.

Statement of Responsibilities

Responsibilities of the IJB

The IJB is required to:

- Make arrangements for the proper administration of its financial affairs and to ensure that the proper officer of the board has the responsibility for the administration of those affairs. In this IJB, the proper officer is the Chief Financial Officer;
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets;
- Ensure the Annual Accounts are prepared in accordance with legislation (The Local Authority Accounts (Scotland)
 Regulations 2014), and so far as is compatible with that legislation, in accordance with proper accounting
 practices (section 12 of the Local Government in Scotland Act 2003)
- Approve the Annual Statement of Accounts.

I confirm that the audited Annual Accounts were approved for signature at a meeting of the IJB on 12 September 2017.

Signed on behalf of the Inverclyde IJB

Simon Carr

IJB Chair

Date: 12 September 2017

Responsibilities of the Chief Financial Officer

The Chief Financial Officer is responsible for the preparation of the IJB's annual accounts in accordance with proper practices as required by legislation and as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Accounting Code).

In preparing these annual accounts, the Chief Financial Officer has:

- Selected appropriate accounting policies and then applied them consistently;
- Made judgements and estimates that were reasonable and prudent;
- Complied with legislation;
- Complied with the local authority Code (in so far as it is compatible with legislation)

The Chief Finance Officer has also:

- Kept proper accounting records which were up to date;
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

I certify that the financial statements give a true and fair view of the financial position of Inverclyde IJB as at 31 March 2017 and the transactions for the year then ended.

Remuneration Report

Introduction

This Remuneration Report is provided in accordance with the Local Authority Accounts (Scotland) Regulations 2014. It discloses information relating to the remuneration and pension benefits of specified IJB members and staff.

The information in the tables below is subject to external audit. The explanatory text in the Remuneration Report is reviewed by the external auditors to ensure it is consistent with the financial statements.

1 Integration Joint Board

The voting members of the IJB were appointed through nomination by the Health Board and Council.

2 Senior officers

The IJB does not directly employ any staff in its own right. All HSCP officers are employed through either the Health Board or Council and remuneration for senior staff is reported through those bodies. Specific post-holding officers are non-voting members of the Board

Chief Officer

Under section 10 of the Public Bodies (Joint Working) (Scotland) Act 2014 a Chief Officer for the IJB has to be appointed and the employing partner has to formally second the officer to the IJB. The Chief Officer, Brian Moore, was employed by Inverclyde Council and seconded to the IJB until his retirement on 28 April 2017. A new Chief Officer, Louise Long, was employed by Inverclyde Council from 8 May 2017 and also seconded to the IJB. The statutory responsibility for employer pension liabilities sits with Inverclyde Council as the employing partner organisation. There is therefore no pension liability reflected on the Inverclyde IJB balance sheet for the IJB's Chief Officer. The remuneration terms of the Chief Officer's employment are approved by the IJB.

Chief Financial Officer

The IJB Chief Financial Officer, Lesley Aird, is employed on a part time basis by Greater Glasgow and Clyde Health Board. The Council and Health Board share the costs of this and all other senior officer remunerations.

Other officers

No other staff are appointed by the IJB under a similar legal regime. There are no other non-voting board members who meet the criteria for disclosure and require to be included in the disclosure below.

Total IJB related remuneration from date of establishment 2015/16*	Name and Post Title	Salary, Fees & Allowances 2016/17 £
16,150	Brian Moore (retired 28 April 2017) Chief Officer	107,002
0	Lesley Aird (part time 0.5 WTE) Chief Financial Officer	xxx

^{*} Functions and budgets were not delegated to the IJB during 2015/16, therefore, only a portion of salary for the Chief Officer and Chief Financial Officer were chargeable to the IJB during 2015/16. This was calculated at 20% to reflect the amount of time spent on IJB related activity and other operational duties by these officers. The Chief Financial Officer did not take up post until 22 March 2016 and was therefore not reflected in the 2015/16 remuneration report.

3 Remuneration: IJB Chair and Vice Chair

The voting members of the IJB are appointed through nomination by Inverclyde Council and Greater Glasgow & Clyde Health Board. Nomination of the IJB Chair and Vice Chair post holders alternates between a Councillor and Health Board representative.

The IJB does not provide any additional remuneration to the Chair, Vice Chair or any other board members relating to their role on the IJB. The IJB does not reimburse the relevant partner organisations for any voting board member costs borne by the partner. The details of the Chair, Vice Chair and other IJB voting member appointments and any taxable expenses paid by the IJB are shown below.

The IJB does not have responsibilities, either in the current year or in future years, for funding any pension entitlements of voting IJB members. Therefore no pension rights disclosures are provided for voting members.

There were no Inverciyde IJB specific expenses recorded for voting members of the IJB during 2016/17. Any expenses claimed by voting members are paid through the relevant IJB partner organisation.

In respect of officers' pension benefits the statutory liability for any future contributions to be made rests with the relevant employing partner organisation. On this basis there is no pensions liability reflected on the IJB balance sheet for the Chief Officer or any other officers.

The IJB however has responsibility for funding the employer contributions for the current year in respect of the officer time spent on fulfilling the responsibilities of their role on the IJB. The following table shows the IJB's funding during the year to support officers' pension benefits. The table also shows the total value of accrued pension benefits which may include benefits earned in other employment positions and from each officer's own contributions.

^{*} Functions and budgets were not delegated to the IJB during 2015/16, therefore, only 20% of salary for the Chief Officer and Chief Financial Officer were chargeable to the IJB during 2015/16.

Annual Governance Statement

The Annual Governance Statement explains the IJB's governance arrangements and reports on the effectiveness of the IJB's system of internal control.

Scope of Responsibility

The Inverclyde IJB was established by parliamentary order on 27 June 2015 following approval of the Inverclyde Integration Scheme by the Scottish Ministers. It is a body corporate, a legal entity in its own right but it relies on support from officers employed by Inverclyde Council and Greater Glasgow & Clyde NHS Board in relation to the conduct of its business. It is subject to the Public Bodies (Joint Working) (Scotland) Act 2014 and secondary legislation directly relating to the integration of health and social care services, and indirectly in relation to

regulatory regimes affecting devolved public bodies in Scotland.

The IJB is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for and used economically, efficiently and effectively.

To meet this responsibility the IJB has established arrangements for governance which includes a system of internal control. The system is intended to manage risk to support the achievement of the IJB's polices, aims and objectives. Reliance is also placed on the Inverclyde Council and Greater Glasgow & Clyde Health Boardsystems of internal control that support compliance with both organisations' policies and promotes achievement of each organisation's aims and objectives, as well as those of the IJB.

The system can only provide reasonable and not absolute assurance of effectiveness.

The Governance Framework and Internal Control System

The Board of the IJB comprises voting members, nominated by either Inverciyde Council or Greater Glasgow & Clyde Health Board, as well as non-voting members including a Chief Officer appointed by the Board.

The main features of the governance framework in existence during 2016/17 were:

- The IJB was the key decision making body. The IJB's membership (voting and non-voting), as set by statutory
 instrument, is fully established. An Audit Committee with detailed remit and powers and clearly defined
 membership was set up in 2016/17 to consider all matters in relation to Internal and External Audit and Risk
 Management;
- Strategic decision-making is governed by the IJB's key constitutional documents including the Integration Scheme, Standing Orders, and Financial Regulations. The IJB is required to have Standing Orders to regulate its business and these were reviewed and updated by the IJB in May 2016. They comply with statutory requirements;
- The IJB's purpose and vision are outlined in the IJB Strategic Plan which was approved and published prior to the delegation of the integrated functions on 1 April 2016 and which links closely to the vision of the Inverclyde Community Planning Partnership and the Single Outcome Agreement and is underpinned by an annual action plan and national statutory performance indicators;
- The Performance Management Strategy focuses very firmly on embedding a performance management culture that measures delivery of improved outcomes rather than systems and processes throughout the IJB. Regular reporting to Board Members takes place;
- The IJB adopted a Code of Conduct based on the Model Code of Conduct for Integration Joint Boards in May 2016. The register of members' interests was thereafter published and made available for inspection.
- The IJB has in place a development programme for all Board Members. Development programmes are also in
 place for the Senior Management Team and senior managers across the Partnership. A Performance Appraisal
 process is in place for all employees, the aim of which is to focus all employees on their performance and
 development that contributes towards achieving service objectives;
- The IJB has established three Wellbeing Localities, East Inverclyde, Central Inverclyde and West Inverclyde. These reflect the local planning areas that were developed by the Community Planning Partnership (the Inverclyde Alliance) through full public consultation. These provide Board Members with the opportunity to be involved in considering the priorities for each area and outline the role for each Community Planning Partner in meeting these priorities in conjunction with the local communities.
- As a separate Public Body, the IJB is required to publish Equalities Outcomes. These were published on the HSCP website in April 2016.

The governance framework was in place throughout 2016/17.

The System of Internal Financial Control

The governance framework described operates on the foundation of internal controls, including management and financial information, financial regulations, administration, supervision and delegation. Development and maintenance of these systems is undertaken by the Health Board and Council as part of the operational delivery of the Health and Social Care Partnership. During 2016/17 this included the following:

- Financial regulations and codes of financial practice;
- · Comprehensive budgeting systems;
- Regular reviews of periodic and annual financial reports that indicate financial performance against budget and forecasts;
- Setting targets to measure financial and other performance;
- · Clearly defined capital expenditure guidelines;
- · Formal project management disciplines.

The IJB complies with "The Role of the Head of Internal Audit in Public Organisations" (CIPFA) and operates in accordance with "Public Sector Internal Audit Standards" (CIPFA). The Chief Internal Auditor reports directly to the IJB Audit Committee with the right of access to the Chief Financial Officer, Chief Officer and Chair of the Audit Committee on any matter. The annual programme of internal audit work is based on a strategic risk assessment, and is approved by the Audit Committee.

With regard to the entries taken from the Health Board and Council Accounts, the IJB is not aware of any weaknesses within their internal control systems and has placed reliance on the individual Annual Governance Statements where appropriate.

Review of Effectiveness

Inverclyde IJB has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of the effectiveness of the framework is informed by the work of the Senior Management Team who have responsibility for development and maintenance of the governance environment, the annual report by the Chief Internal Auditor and reports from Audit Scotland and other review agencies.

The Internal Audit functions of the Council and Health Board have independent responsibility for examining, evaluating and reporting on the adequacy of internal control. During 2016/17, these services operated in accordance with relevant professional audit standards and the Public Sector Internal Audit Standards. The Chief Internal Auditors prepared annual reports to the relevant Audit Committees, including an assurance statement containing a view on the adequacy and effectiveness of the systems of internal control.

Significant Governance Issues during 2016/17

In March 2016, the IJB approved the Strategic Plan covering 2016-2019 which includes the IJB vision and values statements. The vision is 'Improving Lives'.

The Internal Audit Annual Reports 2016/17 for the Council and Health Board identify no significant control risks. Some actions have been agreed within the Council and Health Board Annual Governance statements to further enhance those internal control environments. None of these are considered material enough to have a significant impact on the overall control environment.

There was one IJB internal audit review planned and completed during the year, Review of Governance Arrangements. The overall opinion on the report was satisfactory. The report contained 3 Green findings. The IJB Audit Committee also noted all medium and high recommendations received by the Council and Health Board Audit Committees relating to Health and Social Care activities and the actions being taken to address any associated recommendations.

The Internal Audit Annual Report and Assurance Statement for 2016/17 concludes: "On the basis of Internal Audit work carried out in 2016/2017, the majority of the IJB's established internal control procedures appeared to operate as intended to meet Management's requirements for the individual systems reviewed by Internal Audit. On the basis of selective testing of key controls it can be concluded that, in the main, controls were generally operating as expected during the period under review, although it does need to be recognised that some recommendations were made by Internal Audit to improve controls".

Action Plan

Following consideration of adequacy and effectiveness there are no significant actions required to ensure continual improvement of the IJB's governance. During 2017/18 the IJB plans to develop and introduce a Local Code of Good Governance to further strengthen its governance arrangements.

Conclusion and Opinion on Assurance

While recognising that improvements are required, as detailed above, it is our opinion that reasonable assurance can be placed upon the adequacy and effectiveness of the IJB's governance arrangements.

We consider that the internal control environment provides reasonable and objective assurance that any significant risks impacting on the IJB's principal objectives will be identified and actions taken to avoid or mitigate their impact.

Systems are in place to regularly review and improve the internal control environment.

Notes to the Financial Statements

1. Accounting Policies

1.1 General principles

The Inverclyde Integration Joint Board is formed under the terms of the Public Bodies (Joint Working) (Scotland) Act 2014. It was established by parliamentary order on 27 June 2015 following approval of the Inverclyde Integration Scheme by the Scottish Ministers. The Integration Scheme is a legally binding agreement between Inverclyde Council and Greater Glasgow and Clyde Health

Board.

Integration Joint Boards (IJB's) are specified as section 106 bodies under the Local Government (Scotland) Act 1973 and as such are required to prepare their financial statements in compliance with the Local Authority Accounts (Scotland) Regulations 2014 and the Code of Practice on Accounting for Local Authorities in the United Kingdom, supported by International Financial Reporting Standards (IFRS) These are issued jointly by CIPFA and the Local Authority (Scotland) Accounts Advisory Committee (LASAAC) and are designed to give a "true and fair view" of the financial performance of the IJB.

The accounts are prepared on a going concern basis, which assumes that the IJB will continue in operational existence for the foreseeable future. The historical cost convention has been adopted.

The Annual Accounts summarise the IJB's transactions for the 2016/17 financial year and its position at the year end of 31 March 2017.

1.2 Accruals of expenditure and income

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Expenditure is recognised when goods or services are received and their benefits are used by the IJB
- Income is recognised when the IJB has a right to the income, for instance by meeting any terms or conditions required to earn the income, and receipt of the income is probable
- Where income and expenditure have been recognised but settlement in cash has not taken place, a debtor or creditor is recorded in the Balance Sheet
- · Where debts may not be received, the balance of debtors is written down

1.3 Funding

The IJB is primarily funded through funding contributions from the statutory funding partners namely Inverclyde Council and Greater Glasgow and Clyde Health Board. Expenditure is incurred as the IJB commissions specified health and social care services from the funding partners for the benefit of service recipients in Inverclyde.

1.4 Cash and Cash Equivalents

The IJB does not operate a bank account or hold cash. Transactions are settled on behalf of the IJB by the funding partners. Consequently the IJB does not present a 'Cash and Cash Equivalent' figure on the balance sheet. The funding balance due to or from each funding partner as at 31 March is represented as a debtor or creditor in the IJB Balance Sheet.

1.5 Employee Benefits

The IJB does not directly employ staff. Staff are formally employed by the funding partners who retain the liability for pension benefits payable in the future. The IJB therefore does not present a Pensions Liability on its Balance Sheet.

The IJB has a legal responsibility to appoint a Chief Officer. More details on the arrangements are provided in the Remuneration Report. The charges from the employing partner are treated as employee costs. Where material the Chief Officer's absence entitlement as at 31 March is accrued, for example in relation to annual leave earned but not yet taken.

Charges from funding partners for other staff are treated as administration costs.

1.6 Provisions, Contingent Liabilities and Contingent Assets

Provisions are liabilities of uncertain timing or amount. A provision is recognised as a liability on the balance sheet when there is an obligation as at 31 March due to a past event; settlement of the obligation is probable; and a reliable estimate of the amount can be made. Recognition of a provision will result in expenditure being charged to the Comprehensive Income and Expenditure Statement and will normally be a charge to the General Fund.

A contingent liability is a possible liability arising from events on or before 31 March, whose existence will only be confirmed by later events. A provision that cannot be reasonably estimated, or where settlement is not probable, is treated as a contingent liability. A contingent liability is not recognised in the IJB's Balance Sheet, but is disclosed in a note where it is material.

A contingent asset is a possible asset arising from events on or before 31 March, whose existence will only be confirmed by later events. A contingent asset is not recognised in the IJB's Balance Sheet, but is disclosed in a note only if it is probable to arise and can be reliably measured.

1.7 Events After The Reporting Period

Events after the Balance Sheet date are those events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Annual Accounts is authorised for issue. Two types of events can be identified:

- Adjusting events: Those that provide evidence of conditions that existed at the end of the reporting period. The Annual Accounts are adjusted to reflect such events
- Non-adjusting events: Those that are indicative of conditions that arose after the reporting period and the Statements are not adjusted to reflect such events. Where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect

Events taking place after the date of authorisation for issue are not reflected in the Annual Accounts.

1.8 Exceptional items

When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Income and Expenditure Statement or in the notes to the accounts, depending on how significant the items are to an understanding of the IJB's financial performance.

1.9 Related Party Transactions

As parties to the Inverclyde Integration Scheme both Inverclyde Council and Greater Glasgow and Clyde Health Board are related parties and material transactions with those bodies are disclosed in Note 3 in line with the requirements of IAS 24.

1.10 Support services

Support services were not delegated to the IJB through the Integration Scheme and are instead provided by the Health Board and Council free of charge as a 'service in kind'. The support services provided are mainly comprised of: provision of financial management, human resources, legal, committee services, ICT, payroll, internal audit and the provision of the Chief Internal Auditor.

1.11 Indemnity Insurance

The IJB has indemnity insurance for costs relating primarily to potential claim liabilities regarding Board member and officer responsibilities. Inverclyde Council and Greater Glasgow & Clyde Health Board have responsibility for claims in respect of the services that they are statutorily responsible for and that they provide.

Unlike Health Boards, the IJB does not have any 'shared risk' exposure from participation in Clinical Negligence and Other Risks Indemnity Scheme (CNORIS). The IJB participation in the CNORIS scheme is therefore analogous to normal insurance arrangements.

Known claims are assessed as to the value and probability of settlement. Where it is material the overall expected value of known claims taking probability of settlement into consideration, is provided for in the IJB's Balance Sheet.

The likelihood of receipt of an insurance settlement to cover any claims is separately assessed and, where material, presented as either a debtor or disclosed as a contingent asset.

1.12 Clinical and Medical Negligence

The IJB provides clinical services to patients under the statutory responsibility of Greater Glasgow and Clyde Health Board. In connection with this it is responsible for any claims for medical negligence arising within the services it commissions, up to a certain threshold per claim. For claims in excess of this threshold the Health Board and IJB are members of CNORIS established by the Scottish Government which reimburses costs to members where negligence is established.

The IJB would make provision for claims notified by the NHS Central Legal Office according to the value of the claim and the probability of settlement. Where a claim was not provided for in full the balance would be included as a contingent liability. The corresponding recovery from CNORIS in respect of amounts provided for would be recorded as a debtor and that in respect of amounts disclosed as contingent liabilities are disclosed as contingent assets.

1.13 Reserves

Reserves are created by appropriating amounts out of revenue balances. When expenditure to be financed from a reserve is incurred, it is charged to the appropriate service in that year so as to be included within the Income and Expenditure Statement. Movements in reserves are reported in the Movement in Reserves Statement.

1.14 VAT

The VAT treatment of expenditure in the IJB's accounts depends on which of the partner agencies is providing the service as these agencies are treated differently for VAT purposes.

Where the Council is the provider, income and expenditure excludes any amounts related to VAT, as all VAT collected is payable to H.M. Revenue & Customs and all VAT paid is recoverable from it. The Council is not entitled to fully recover VAT paid on a very limited number of items of expenditure and for these items the cost of VAT paid is included within service expenditure to the extent that it is irrecoverable from H.M. Revenue and Customs.

Where the NHS is the provider, expenditure incurred will include irrecoverable VAT as generally the NHS cannot recover VAT paid as input tax and will seek to recover its full cost as Income from the Commissioning IJB.

2 Taxation and Non-Specific Grant Income

31 March 2016 £000	Taxation and Non-Specific Grant Income	31 March 2017 £000
16	NHS Greater Glasgow and Clyde Health Board	101,533
16	Inverclyde Council	52,407
32	TOTAL	153,940

Health Board Contribution

The funding contribution from the Health Board above includes £16.439m in respect of 'set aside' resources relating to hospital services. These are provided by the NHS which retains responsibility for managing the costs of providing the services. The IJB however, has responsibility for the consumption of, and the level of demand placed on, these resources.

The Health Board contribution above also includes a net £5.917m in respect of services hosted on behalf of Inverclyde IJB by other Greater Glasgow and Clyde IJBs, less the services hosted by Inverclyde on behalf of other Greater Glasgow & Clyde IJBs.

Council Contribution

The Council contribution includes £1.541m in respect of the net balance of Earmarked Reserves relating to health and social care services which the Council transferred to the IJB during the year.

The funding contributions from the partners shown above exclude any funding which is ring-fenced for the provision of specific services. Such ring-fenced funding is presented as income in the Cost of Services in the Comprehensive Income and Expenditure Statement.

3 Related Party Transactions

The IJB has related party relationships with Greater Glasgow & Clyde Health Board and Inverclyde Council. In particular the nature of the partnership means that the IJB may influence, and be influenced by, its partners. The following transactions and balances included in the IJB's accounts are presented to provide additional information on the relationships.

7 Agency Income and Expenditure (Hosted Services)

On behalf of other IJBs within Greater Glasgow and Clyde, Inverclyde IJB acts as the lead manager for some Mental Health inpatient services which it provides to other IJBs. It also accesses a number of services which are hosted by other IJBs within Greater Glasgow and Clyde. A breakdown of the Income and Expenditure relating to all of these services is noted below and the net impact of these is included in the Comprehensive Income and Expenditure statement. These costs have been apportioned on an agreed basis across the six Greater Glasgow and Clyde IJBs.
