Chief Officer Inverclyde Health & Social Care Partnership

4.0 BACKGROUND

- 4.1 In September 2019, the Audit Committee approved the current Internal Audit Annual Plan which detailed the activity to be undertaken during 2019-20.
- 4.2 Internal Audit reports findings and action plans to relevant IJB Officers and the Audit Committee as part of the annual audit plan. A follow up process is in place to allow follow up of current internal audit actions to be co-ordinated and updated by Internal Audit on a monthly basis with regular reporting to the Audit Committee.
- 4.3 In each audit, one of 4 overall opinions is expressed:

Strong	In our opinion there is a sound system of internal controls designed to ensure that the organisation is able to achieve its objectives.
Satisfactory	In our opinion isolated areas of control weakness were identified which, whilst not systemic, put some organisation objectives at risk.
Requires improvement	In our opinion systemic and/or material control weaknesses were identified such that some organisation objectives are put at significant risk.
Unsatisfactory	In our opinion the control environment was considered inadequate to ensure that the organisation is able to achieve its objectives.

- 4.4 Individual audit findings are categorised as Red, Amber or Green:

Red	In our opinion the control environment is insufficient to address the risk and could impact the organisation as a whole. Corrective action must be taken and should start immediately.
Amber	In our opinion there are areas of control weakness which we consider to be individually significant but are unlikely to affect the organisation as a whole.
Green	In our opinion our audit highlighted areas for minor control improvement and/or areas of minor control weakness.

- 4.5 A summary is also provided in relation to internal audit work undertaken at Inverclyde Council and NHS Greater Glasgow and Clyde that may have an impact upon the IJB's control environment.
