
Report To:	Inverclyde Council	Date:	10 June 2021
Report By:	Interim Service Director Corporate Services & Organisational Recovery	Report No:	FIN/30/21/AP
Contact Officer:	Alan Puckrin	Contact No:	01475 712223
Subject:	Financial Strategy 2021/31 - Update		

1.0 PURPOSE

- 1.1 The purpose of this report is to present the updated Financial Strategy to the Council for review and approval, a copy of which is attached to this report.

2.0 SUMMARY

- 2.1 The six monthly review of the Financial Strategy has been undertaken and takes into account the approved 2021/2 Budget, the estimated on going impact of Covid-19 and a review of all funding models included in the Appendix. The review takes place at a time of unprecedented fiscal pressure and uncertainty.
- 2.2 It can be seen from table 3 in paragraph 7.8 that the 2021/24 estimated funding gap is £11.4 million after the application of adjustments and savings approved as part of the 2021/22 Budget in March this year and before any decision on whether to increase Council Tax over 2022/24.
- 2.3 Table 4a confirms that based on the latest information including forecasts from Fiscal Affairs Scotland and the local assessment of certain figures by the Chief Financial Officer, the mid-range scenario shows that the Council faces a net potential funding gap of £11.4 million over the 2021/24 period and includes the one-off utilisation of £5.0million in Reserves. This latter decision by Members taken as part of the 2021/22 Budget is likely to present a significant challenge for the new Council Administration post May, 2022 and this will need to be borne in mind when developing the 2022/23 Budget.
- 2.4 In line with Best Practice, tables 4b and 4c illustrate scenarios for the 2021/24 Revenue funding gap based on different assumptions around Government Grant, income, inflation and budget pressures. These tables show potential funding shortfalls of £5.1 million to £21.6 million. The reason for the broad range of scenarios reported in the above tables is due to the high level of uncertainty which exists around most of the key building blocks which the Council requires to set a budget, namely the level of Government Grant, Pay Inflation, Non-Pay Inflation etc
- 2.5 It is hoped that the new Scottish Government will provide multi-year Budget figures in December 2021 to provide a degree of certainty to the Council but based on the pledges in the SNP manifesto there appears to be limited scope for any new non-earmarked funding for Local Government in the medium term without increased funding from the UK Government.
- 2.6 Table 5 in paragraph 7.13 shows that overall the 2021/24 Capital programme has a £2.78 million funding shortfall. The Capital Programme allows for 5% over programming and the funding shortfall is within that limit. Members have asked proposals to be developed by officers as to how the Capital resources can be enhanced without placing more pressure on the Revenue Budget from 2023/24 onwards.

- 2.7 All the other appendices and tables have been updated. The detail is contained in Section 6 of the report.
- 2.8 Section 11 of the Strategy reflects the identified risks to the Financial Strategy and mitigating actions whilst Appendices 1 to 3 highlights the major short / medium / long term issues the Council needs to be aware of which could materially impact on the figures presented.
- 2.9 Overall the Financial Strategy confirms the significant challenges facing the Council in coming years but that all models remain affordable, based on the latest information.

3.0 RECOMMENDATIONS

- 3.1 It is recommended that the Council approve the latest revision of the Financial Strategy and that officers will review all funding models for potential savings as part of the 2022/23 Revenue Budget.
- 3.2 It is recommended that the Council note the impact the one-off use of £4.0million of Reserves in 2022/23 will have on the estimated funding gap in 2023/24.

Alan Puckrin
Interim Service Director Corporate Services & Organisational Recovery

4.0 BACKGROUND

- 4.1 The Financial Strategy requires to be reviewed twice per year and reported to the Full Council. This is done in June and December each year.

5.0 CURRENT POSITION

- 5.1 The Strategy has been updated to reflect latest information and takes into account the approved 2021/22 Budget, the estimated on going impact of Covid-19 and a review of all funding models included in the Appendix. The review takes place at a time of unprecedented fiscal pressure for the country.
- 5.2 It can be seen from table 3 in paragraph 7.8 that the 2021/24 estimated funding gap is £11.4 million after the use of £5million from Reserves. This latter decision by Members taken as part of the 2021/22 Budget is likely to present a significant challenge for the new Council Administration post May, 2022 and this will need to be considered when developing the 2022/23 Budget.
- 5.3 Table 4a shows that based on the latest information including forecasts from Fiscal Affairs Scotland and the local assessment of certain figures by the Chief Financial Officer, the mid-range scenario shows that the Council faces a net potential funding gap of £11.4 million over the 2021/24 period prior to any decision around Council Tax levels in 2022/24. In line with Best Practice, tables 4b and 4c illustrate scenarios for the 2021/24 Revenue funding gap based on different assumptions around Government Grant, income, inflation and budget pressures. These Tables show potential funding shortfalls of £5.1million to £21.6 million.
- 5.4 It is hoped that the new Scottish Government will provide multi-year Budget figures in December 2021 to provide a degree of certainty to the Council but based on the pledges in the SNP manifesto there appears to be limited scope for any new non-earmarked funding for Local Government in the medium term without increased funding from the UK Government. Therefore the Council will need to be clear on how any new recurring spend commitments are going to be funded when considering the 2022/23 Budget.
- 5.5 Table 5 in paragraph 7.13 shows that overall the 2021/24 Capital programme has a £2.78 million funding shortfall. The Capital Programme allows for 5% over programming and the funding shortfall is within that limit. Officers are considering how the Council can optimise capital without adding to the pressures on the Revenue Budget from Capital Programme from 2023/24 onwards.
- 5.6 All models in the Appendices have been reviewed and all remain affordable in the short / medium term with more detail on each of the Funding Models contained in Section 6. Appendices 1-3 outline the short, medium and long term challenges which the Council requires to consider when agreeing future budgets.

6.0 REVIEW OF FUNDING MODELS

- 6.1 Appendix 4 – School Estate Management Plan – this reflects the latest phasing's and decisions and the recent Loans Charges review which resulted in reductions in SEMP loans charges as part of the 2021/22 Budget.
- 6.2 Appendix 5 – General Fund Reserves – this reflects the latest Policy & Resources Committee position of £0.445 million free reserves at 31st March, 2021.
- 6.3 Appendix 6 – Capital Fund – this reflects the latest review of receipts and previously approved contributions to the Capital programme. Whilst there appears to be an opportunity to utilise some of the balance in the medium term this is dependent on getting receipts from sales which have not yet generated.

6.4 Appendix 7 – Repairs and Renewals Fund – this reflects the latest projections for the refurbishment of 3G Pitches over 2020/27 and following a decision taken to allocate an annual allowance from the Capital Programme, the maintenance model is now funded in the longer term.

Approval was given in December 2017 to combine the maintenance funds for the Port Glasgow Retail Development, Reservoirs above the Cut and Inverkip Railway Bridge into a single fund to provide longer term sustainability and reduce pressure on the Revenue Budget.

6.5 Appendix 8 – Reflects a projected useable Insurance Fund balance based on claims received. The November 2020 Insurance Fund annual report to Policy & Resources Committee provided more details but a major call on the fund is expected as part of the Local Government contribution to the Scottish Child Abuse reparation settlements. The Fund could potentially be used to help meet this cost.

6.6 Appendix 9 – RAMP – shows the approved investment for the period to 31st March 2023 to deliver the Roads Asset Strategy.

6.7 Appendix 10 - This Appendix provides a projection of the City Deal programme for the first 10 years of operation from both a revenue and capital perspective. It should be noted that this model will be refined as Business Case approvals are achieved. There may be the scope to generate a revenue saving from this model as part of the 2022/23 Budget.

6.8 Appendix 11 – The loans charges model reflects a £1million write back agreed in August 2020 to part fund the one off costs associated with Covid and a £400,000 saving agreed as part of the 2021/22 Revenue Budget. Pending the outcome of the PPP Flexibility review discussions between Cosla and the Scottish Government either a saving or increased capital resources may be achieved.

7.0 IMPLICATIONS

Finance

7.1 Officers will continue to review all models to identify potential savings which can feed into the forthcoming 2022/23 Budget.

Financial Implications:

One off Costs

Cost Centre	Budget Heading	Budget Years	Proposed Spend this Report £000	Virement From	Other Comments

Annually Recurring Costs/ (Savings)

Cost Centre	Budget Heading	With Effect from	Annual Net Impact £000	Virement From (If Applicable)	Other Comments

Legal

7.2 There are no specific Legal issues arising from the report.

Human Resources

7.3 There are no specific Human Resources issues arising from the report.

7.4 Equalities

Equalities

(a) Has an Equality Impact Assessment been carried out?

	YES (see attached appendix)
X	NO – This report does not introduce a new policy, function or strategy or recommend a substantive change to an existing policy, function or strategy. Therefore, no Equality Impact Assessment is required

(b) Fairer Scotland Duty

If this report affects or proposes any major strategic decision:-

Has there been active consideration of how this report's recommendations reduce inequalities of outcome?

	YES – A written statement showing how this report's recommendations reduce inequalities of outcome caused by socio-economic disadvantage has been completed.
X	NO

(c) Data Protection

Has a Data Protection Impact Assessment been carried out?

	YES – This report involves data processing which may result in a high risk to the rights and freedoms of individuals.
X	NO

7.5 Repopulation

Having medium term financial plans which realistically reflect the pressures and opportunities faced by the Council and the communities it serves will help build confidence in the area and contribute to the Repopulation agenda.

8.0 CONSULTATIONS

8.1 The Financial Strategy has been produced after consultation with and input from the CMT and other relevant Officers.

1.1 Foreword

This latest revision of the Council's Financial Strategy has been prepared at time the country and the Council are at last beginning to emerge from the Covid-19 pandemic after some 16 months. The financial pressures and fiscal response is without precedent in recent decades and the impact on the community and the country's finances will be felt for many years.

Given the challenging economic situation, and the significant financial issues we will face over future years, it is essential that the Council updates its Financial Strategy regularly to ensure it provides a practical framework within which policy choices can be identified, debated and approved.

The approval of this revised Financial Strategy demonstrates that we are clear both about the outcomes we want to achieve for our communities and the financial challenges that need to be addressed if we are to successfully deliver on these outcomes.

To provide a clear, consistent strategic direction for the Council the following outcomes were agreed for the Financial Strategy – it will ensure that:

- **the Council has a comprehensive, sustainable, balanced budget;**
- **the Council reviews the level of Council Tax annually in the context of the Financial Strategy, to determine an appropriate level in the best interests of the people of Inverclyde;**
- **resources are allocated and deployed to facilitate delivery of the outcomes in the Corporate Plan/Local Outcome Improvement Plan and Corporate Directorate Improvement Plans;**
- **all key strategic decisions on the allocation and deployment of resources are made within the appropriate financial context;**
- **Members can take full account of the impact of decisions on the overall financial resources of the Council in the short, medium and long term;**
- **there is a high level of confidence in the financial management of the Council;**
- **the Council has flexibility to address new policy requirements, or significant changes to existing policies, within overall available financial resources;**
- **resources are invested effectively, efficiently and on a sustainable basis;**
- **there is continued improvement in the delivery of major projects;**
- **there remains a focus on securing efficiencies across the organisation;**
- **the Council continues to invest in improving service quality, delivering new infrastructure, enhancing service levels and upgrading existing assets;**
- **there is an increased level of understanding on behalf of the wider community with regard to the finances of the Council.**

The primary financial challenge facing the Council over the coming period, given the continued pressure on public sector budgets, will be to stay within the approved revenue budget and deliver a capital programme that continues to maintain a high level of investment in key infrastructure and support the needs of the local community.

There is no doubt that even before the current Covid emergency the Council faced a very challenging medium term Budget position. One of the main challenges faced by the Council is therefore forward planning, preparatory investment and a sufficient lead in period prior to implementation of both savings and investment for the period beyond the current budget.

Given the difficult position the Council faces on capital expenditure, it is essential that future capital expenditure proposals are largely self-financing through the release of other capital assets, as well as delivering efficiencies which will secure ongoing revenue savings.

The Council has also approved corporate policies to charging and income generation – including maximising external funding to supplement existing resources and support service delivery. The Council increased the level of income generated by charging as part of the 2019/21 Budget but this may come under pressure as Council delivery is reshaped post Covid.

We also need to ensure that the Financial Strategy continues to support the Corporate Plan directly, the Local Outcome Improvement Plan and effectively link this Strategy to our Corporate Directorate Improvement Plans.

The Financial Strategy is a dynamic document and will be monitored on an ongoing basis by the Corporate Management Team and the Policy & Resources Committee. It will continue to be formally reviewed by the Council twice yearly, in June and in December.

This Financial Strategy is key to the future success of the Council – it is about making sure we have sufficient resources in place when required to deliver the outcomes we realistically can achieve for the communities of Inverclyde.

Councillor Stephen McCabe
Leader of the Council

Aubrey Fawcett
Chief Executive

2.0 Why have a Financial Strategy?

- 2.1 The purpose of our Financial Strategy is to provide clear direction, supported by a practical framework and explicitly defined parameters, on how the Council will structure and manage financial resources in the medium to long term to ensure they are deployed effectively to achieve corporate objectives.
- 2.2 This is not just another financial process – the Financial Strategy is integral to our Strategic Planning and Performance Management Framework which underpins the achievement of the outcomes identified in the Corporate Plan, and is an integral part of the Corporate Directorate Improvement Plans.
- 2.3 The requirement to develop a medium to long term financial strategy covering the next three to ten years (and in some areas longer) is a vital component of decision making.
- 2.4 The Council has taken into account guidance from CIPFA when developing the Financial Strategy as well as best practice from other local authorities.
- 2.5 Our ambition is to maintain a single, coherent Financial Strategy that brings together the corporate objectives of the Council along with all the relevant financial information in a clear, accessible document.
- 2.6 The value of such a Strategy is that it enables the Council to develop a better understanding of the wider policy and financial environment within which it operates, identify and respond flexibly to opportunities and threats, manage and mitigate risks and ensure that financial resources are contributing to achieving corporate objectives.
- 2.7 The Strategy will also provide information to a range of stakeholders:

Table 1 – Stakeholder Information

For the Council and Elected Members	to decide how available financial resources will be used
For Chief Officers, managers and employees	To help optimise the available resources and reinforce their roles in financial management arrangements
For residents	to show how the Council's Financial Strategy impacts upon service provision
For Council Tax payers	to demonstrate how the Council looks after public resources
For partners	to share the Council's vision and help identify opportunities for joint working and resource deployment.

- 2.8 Inevitably some of the information of the Financial Strategy will be based on forecasts and these will change over time - the Strategy is reviewed regularly so that the Council can respond proactively to any such changes.
- 2.9 The inclusion of information in the Financial Strategy does not infer approval and all financial projections and issues will have to be subject to approval through the budget process.
- 2.10 The Strategic Planning and Performance Management Framework continues to develop links between the strategic planning and budgeting processes. This allows services to plan ahead, taking into account the resources available and proactively identify opportunities to achieve efficiencies or secure alternative funding sources. This process also encourages the development of joint resourcing opportunities within the Inverclyde Alliance.

3.0 Financial Summary

- 3.1 On 13 March 2021 the Council agreed the 2021/22 Revenue Budget. The Council also took strategic decisions on the use of Reserves in respect of 2022/23, the last year of the current Council.
- 3.2 The same meeting also agreed the 2021/24 Capital Programme which took into account the latest Government Grant settlement information.

Table 2 – Short Term Summary – Approved Revenue and Capital Budgets (March 2021)

	2021/22 £million
<u>General Fund Revenue</u>	203.088
<u>Budget Financed by</u>	
Government Grant (Including NDR)	(169.418)
Council Tax	(32.622)
Approved Contribution from General Reserve	(1.049)
	0
<u>Capital Programme (2021/22)</u>	
Approved Spend (At May 2021)	17.72
<u>Financed by</u>	
Government Grants	6.47
Capital Receipts	0.68
Other Grants/CFCR	3.75
Prudential Borrowing	2.77
Resources Carried Forward from prior year	16.05
Surplus in Resources in 2021/22	12.00

4.0 Overall Economic Position

UK Context

- 4.1 The Covid pandemic has elicited a fiscal response from the Government which is without precedent in peace times. The UK Government borrowed large sums of funding to support the economy, households and frontline services battling against the virus and to help protect as many jobs as possible as part of the recovery. In the March 2021 Budget, plans to bring the UK Budget back into some form of balance were set out.
- 4.2 The Office of Budget Responsibility (OBR) issued a forecast for the UK economy in March and this is shown in the table below. This includes the impact from freezing income tax thresholds and increasing Corporation Tax from 19% - 25% for large companies from 2023.

	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>
GDP (real) annual % change	1.4	-9.9	4.0	7.3	1.7
Inflation (CPI) annual % change	1.8	0.9	1.5	1.8	1.9
Unemployment Rate	3.8	4.5	5.6	5.9	5.1
Public Sector Borrowing	57	355	234	107	85
Debt as a % of GDP	84	100	107	109	110

- 4.3 As a result of the economic downturn and its associated costs there is a significant increase in the UK's budget deficit. For 2020/21 alone the deficit is estimated to rise by almost £300 billion more than the £57 billion a year ago, with continuing costs likely and a rising debt profile. It is estimated that by 2025/26 the current budget deficit will be eliminated with borrowing only being carried out for investment.
- 4.4 Borrowing of this scale will have a long term impact on the future UK fiscal strategy and the Chancellor has recognised that he will have to increase taxes and cut spending. The tax changes outlined in 4.2 are estimated to increase the UK tax burden to 35% of GDP, it is highest level since 1970.
- 4.5 The OBR believe that most of the negative impact from Brexit has already occurred with temporary disruption to trade in early 2021 reducing GDP by 0.5%.
- 4.6 The UK Government spending plans make no explicit provision for virus related costs beyond 2021/22. It is unclear how recurring extra costs around testing/vaccinations or services such as the NHS catch up with non-urgent procedures will be funded. The March 2021 Budget assumed a £15 billion reduction in Departmental Resource spending in 2022/23 compared to the plans set out in 2020. This implies cuts of 1 – 2.8% in real term for non-protected budgets of which Local Government is the largest.

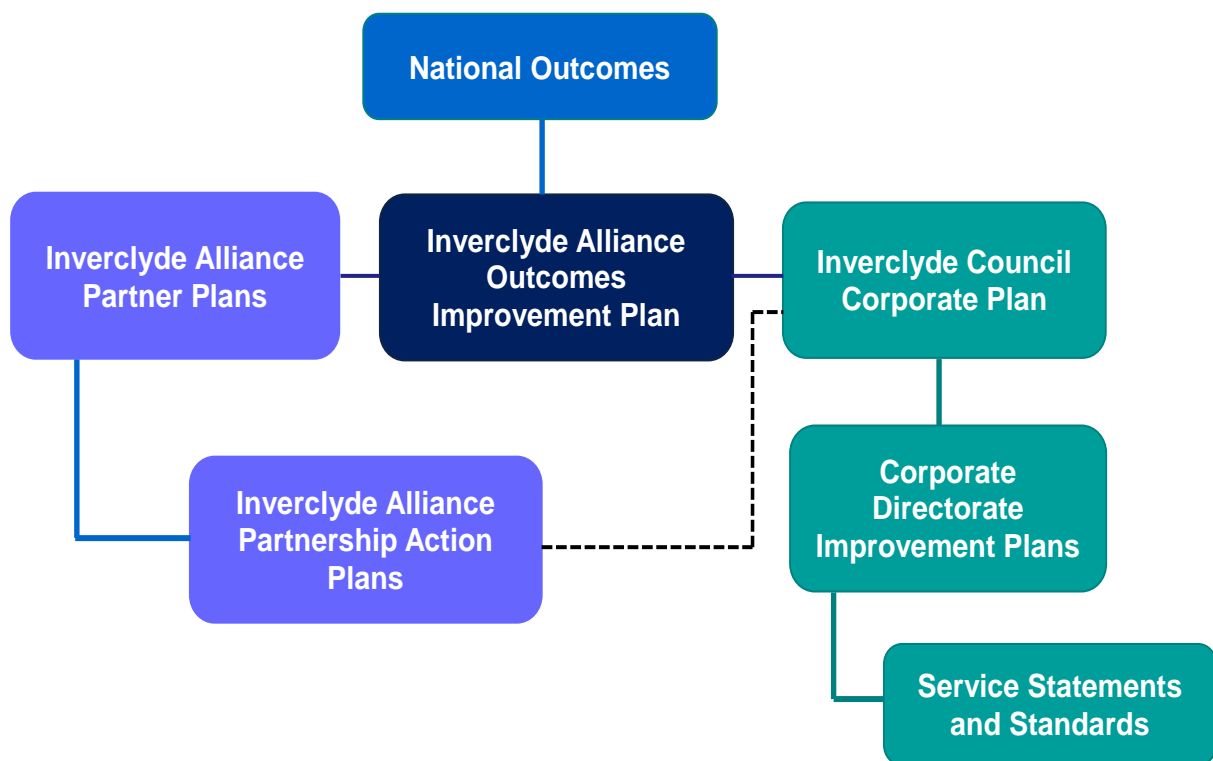

Scottish Context

- 4.7 In addition to Scotland accessing the UK wide Furlough Schemes and Welfare Benefits enhancements the Scottish Government has received approximately £9.5 billion from UK Consequentials to supporting businesses, addressing issues such as food insecurity, increased demand for Crisis Grants and other benefits plus allocating extra resources to the Health Service and Local Government. This equates to approximately £1370 per person. A further £3.3 billion for Covid is planned in 2021/22.

- 4.8 The SNP manifesto for the new Scottish Parliamentary term contained several large funding pledges:
- Increase NHS front line service funding by £2.5 billion.
 - Increase investment in Social Care by 25%
 - Invest a further £1 billion to close the school attainment gap.
 - Freeze Income Tax rates and bands and increase thresholds by a maximum of inflation.
- 4.9 The pledges allied to the existing policy proposals to double the Scottish Child Payment, provide Free School Meals to all Primary School pupils and provide free bus travel to under 22's will result in significant extra budget costs for which the sustainable income source is not clear.
- 4.10 The Institute for Fiscal Studies analysis of the SNP and other manifestos concluded "Paying for the billions in additional pledges in these manifestos would mean either increases in Scottish taxes or cuts in some areas of spending, unless substantially more UK Government funding is forthcoming".
- 4.11 There is therefore nothing to indicate that Local Government will receive a real terms funding boost in the medium term over and above ring fenced funding for the implementation of Scottish Government policies and national initiatives. In this context it is likely that Local Government in Scotland faces a continued squeeze in resources which will continue to require a clear prioritisation and inevitably a review of some of the Universal service provision policies at both a national and local level.

5.0 Local Context

- 5.1 The local environment within which the Council operates has changed significantly in recent years and will alter further in future years due to the impact of national legislation and policy, further economic turbulence, societal changes and developing customer expectations.
- 5.2 The overall strategic framework within which the Council operates is outlined in the Strategic Planning and Performance Management Framework. The Framework includes the Local Outcome Improvement Plan, the Corporate Plan, Corporate Directorate Improvement Plans and the Financial Strategy.
- 5.3 The Strategic Planning and Performance Management Framework is shown in the Diagram below.

- **National Outcomes** are set by the Scottish Government and sit within a National Performance Framework. These 11 outcomes are an overarching guide for the local community planning partnership document, the Inverclyde Outcomes Improvement Plan.
- The **Inverclyde Alliance Outcomes Improvement Plan** (OIP) is a high level strategic partnership document setting out the vision and direction for the Inverclyde area, as agreed by all the Inverclyde Alliance partner organisations and communities. The outcomes are based on evidence of the key issues and challenges for the Inverclyde area and through community engagement. They set out what we want to achieve for all the communities of Inverclyde.
- The **Partnership Action Plans** set out the Partnership actions and projects which will contribute to the achievement of the OIP priorities and are expressed through the wellbeing indicators (see below in 5.4) to help better understand their impact on a crosscutting basis.

- The **Corporate Plan 2018/22** is a public facing document and sets out the ways in which Inverclyde Council hopes to deliver better outcomes for the people of Inverclyde through the delivery of 10 organisational priorities. The Plan reflects the wellbeing outcomes from the Outcomes Improvement Plan and sets out, at a high level, what the Council will do to help deliver the partnership priorities. The Plan also contains high level budget information for key services.
- **Corporate Directorate Improvement Plans (CDIPs)** set out the vision for each Directorate. The current CDIPs cover the period 2019/22 and are reviewed on an annual basis to ensure that the improvement actions remain up-to-date and reflect the local and national environment in which the council operates. The Plan covers two broad areas, the first being corporate cross cutting improvement actions and the second Directorate Improvement actions. These improvement actions are based on robust self-evaluation and are mapped to the Corporate Plan organisational priorities. In addition the HSCP has developed a Strategic Plan 2019/24 which supports the Inverclyde Integration Joint Board.
- **Service Statement and Standards** set out what services do on a day to day basis and will not change significantly year on year, but will be refreshed to reflect any structural or legislative changes. It is a public facing document which also sets out a summary of the financial and employee resources allocated to run the service. Service standards are also reflected in the Service Statements, setting out what quality standards the service follows and what customers can expect.

Outcomes for Inverclyde

The focus of the Strategic Planning and Performance Management Framework is on addressing the main challenges facing the area. The Inverclyde Outcomes Improvement Plan builds on the achievements of the SOA and previously contained three strategic priorities to be delivered in partnership, however following review of the plan in 2020, an additional strategic priority related to Economy has been added:

- **Population:** Inverclyde's population will be stable and sustainable with an appropriate balance of socio-economic groups that is conducive to local economic prosperity and longer term population growth
 - **Inequalities:** There will be low levels of poverty and deprivation and the gap between the richest and poorest members of our communities will be reduced
 - **Environment Culture and Heritage:** Inverclyde's environment, culture and heritage will be protected and enhanced to create a better place for all Inverclyde residents and an attractive place in which to live, work and visit
 - **The Local Economy** Inverclyde has a thriving and diverse local economy, economic activity is increased and skills development enables both those in work and those furthest from the labour market to realise their full potential
- 5.4 The OIP continues to focus on the delivery of the **wellbeing outcomes**, which the Inverclyde Alliance, including the Council, has adopted. These wellbeing outcomes have been adapted and expanded from 'Getting it Right for Every Child', to help us work towards a Nurturing Inverclyde, 'Getting it Right for Every Child, Citizen and Community'. The wellbeing outcomes cover the core areas of Safe, Healthy, Achieving, Nurtured, Active, Respected, Responsible and Included.
- 5.5 A key challenge for the Inverclyde Alliance, and the public agencies, operating in Inverclyde, over the next five years will be to ensure better alignment between available resources, across all agencies, and the outcomes and priorities identified in the Inverclyde Outcomes Improvement Plan.
- 5.6 Demographics and Population

The most significant challenge facing Inverclyde is depopulation and associated demographic change – this has been recognised by the Council and our Partners as a priority in the Inverclyde Outcomes Improvement Plan and the Council's Corporate Plan 2018/22.

- 5.7 The fundamental issue for the Council is that at some point if the decline in population continues at the current pace then the area could become no longer sustainable as a unit of administration which would have an associated impact on other services such as health, police and fire. In recent years, the population decline in Inverclyde has been largely attributable to more deaths than births in the area. Encouragingly, it is estimated by the National Records of Scotland that in two out of the past three years more people moved into Inverclyde than moved out, however the potential increase in population has been offset by negative natural change. Work around repopulation is led by the Inverclyde Alliance Population Partnership which has responsibility for the implementation of the Repopulation Strategy and Action Plan, which was approved by the Inverclyde Alliance Board on 18 March 2019.
- 5.8 In the 2011 Census the population for Inverclyde was 81,485, a decrease of 3.2% from 84,200 in the 2001 census. The most recent population estimates set out Inverclyde's population for 2019 at 77,800, a decrease of -0.4% from 78,150 in 2018. The population of Inverclyde accounts for 1.4% of the total population of Scotland.
- 5.9 The latest mid-year population estimates (2019) show that 16% of Inverclyde's population is aged between 0 – 15 years, which is slightly less than the percentage for Scotland, 17%. 63% of the population is aged 16 – 64 years, compared to 64% in Scotland. 21% of Inverclyde's population is aged 65 years and older compared to 19% in Scotland.
- 5.10 Since 1985, Inverclyde's total population has fallen overall whilst Scotland's population has risen over this period.
- 5.11 Official population projections continue to forecast a long term decline in Inverclyde's population. By 2043 the population of Inverclyde is projected to be 65,517, a decrease of -16.2% compared to the population in 2018. The population of Scotland is projected to increase by 2.5% per cent between 2018 and 2043.
- 5.12 Over the 25 year period the age group that is projected to increase the most in size in Inverclyde is the pensionable and over age group with a 9.9% increase. In Scotland, it is estimated that there will be a projected 23.2% increase in the pensionable age population by 2043.
- 5.13 The population aged under 16 in Inverclyde is projected to decline by 25.6% over the 25 year period, compared to a 10.5% decrease nationally.
- 5.14 Between 2016 and SIMD20, the number of Inverclyde data zones in the 5% most deprived in Scotland increased from 11 to 21. This equates to 18.4% of all 114 Inverclyde data zones in the 5% most deprived category, this is the second highest local share in Scotland. Inverclyde also has the second highest local share of data zones in the 20% most deprived in Scotland.
- 5.15 Demographic change will have significant impact on services as funding allocated from the Scottish Government is partly based on the population of an area. Even with additional allocations to take account of deprivation the budget is expected to reduce in real terms over the next five years.
- 5.16 In terms of indicators of deprivation the profile for Inverclyde differs from the national picture, these include:
- 6.3% of working age benefit claimants are claiming unemployment benefits. Of this, a higher proportion of 18 – 24 year olds (9.2%) are claiming than 25 – 49 year olds (7.6%) or 50+year olds (4.0%). (As at March 2021).
 - Economic inactivity rates in Inverclyde are higher than the national rate 28.5% compared to 23.2% (Jan 2020 –Dec 2020)
 - The percentage of workless households in Inverclyde is 23.9% compared to 17.7% in Scotland (January – December 2019)
 - Approximately 83.3% of working age adults in Inverclyde have NVQ1 and above, or other formal qualifications. 86.4% of the Scottish population have NVQ1 and above or other formal

qualifications (January 2020 – Dec 2020).

- Median earnings for full time workers living in the area (Gross Weekly Pay) increased between 2019 and 2020 from £543.80 to £575.70. The Scottish average was £595.00.
- Working age people account for 63% of all people in Inverclyde (2019 mid-year population estimates). This is 1% lower than for Scotland as a whole.

- 5.17 The projected population changes will have an impact on all service areas, particularly Education and Social Care, where there will be a need to actively manage the transition from current service delivery arrangements to new models that are built around the needs of the future population.
- 5.18 The deprivation profile will have major implications for services as research indicates that those most vulnerable to poverty are more likely to require greater interventions and experience greater levels of health inequalities and a targeted focus to move individuals out of poverty will come at a significant cost to public agencies.
- 5.19 The predicted demographic changes also have other implications. A decline in younger economically active people and a growth in the older, more vulnerable age group can mean there will be fewer informal carers which could result in a higher dependency on the services provided by the Health & Social Care Partnership.

The public sector landscape in Inverclyde

- 5.20 The public sector landscape has changed significantly over the last 10-15 years in Inverclyde. The development of this mixed economy of public service provision presents new challenges for the Council as it seeks to ensure that outcomes are achieved and that resources are being deployed effectively and efficiently. This is particularly relevant in the context of the LOIP where there will need to be a robust appraisal of whether existing service delivery arrangements across all partner agencies can effectively deliver on the agreed outcomes.
- 5.21 Whilst the Council has to tackle the problems associated with poverty, health inequalities and deprivation now, it also has to look to the future, and ensure that effective intervention is put into place now, to prevent further problems from developing, which will ultimately require expensive interventions. Investment in the lives of our children and young people early on in their lives will result in a better outcomes and quality of life for them as they grow up in the Inverclyde area.
- 5.22 The Community Empowerment (Scotland) Bill places new duties on the Council and its partners to provide new rights for community bodies. The Act came into effect in July 2016 and the council and its partners are responding to this in a number of ways including the development of locality planning; introduction of participatory budgeting and asset transfer.

5.23 *Riverside Inverclyde*

Riverside Inverclyde remains a joint initiative between the Council and Scottish Enterprise to regenerate the Clyde Waterfront. It was originally scheduled to run from 2006/7 until 2017/18.

The Council's contribution towards Riverside Inverclyde was originally to be £24 million over the ten year period. In addition the Council has made contributions in kind by transferring specific assets to the Urban Regeneration Company which counted towards the £24 million contribution and a further £6.1 million financial support to specific major Regeneration projects led by Riverside Inverclyde.

Following the most recent governance review it was agreed by the Council and Scottish Enterprise to change the operational governance model due to the reduction in major regeneration projects being progressed by Riverside Inverclyde. The revised arrangements became operational in the summer of 2019. The impact of Covid on RiPH is being assessed.

5.24 *River Clyde Homes*

River Clyde Homes is a not-for-profit housing organisation, which is run by a Board of Tenants, Council nominees and community members. It is regulated by the Government to ensure that it manages housing in the best interests of the tenants of Inverclyde, and the community as a whole.

The transfer to River Clyde Homes of all the Council housing stock was based on significantly more money being available to invest in homes and neighbourhoods and give tenants a real say in the decisions that are made about their housing, with tenants on the Board influencing policies and investment decisions.

5.25 *Inverclyde Leisure*

Inverclyde Leisure is a 'company limited by guarantee', not having share capital and recognised by HMRC and OSCR as having charitable status. In October 2001, the Trust was asked to take responsibility for the management and delivery of Inverclyde Council's sport and recreational services.

The Leisure Trust works in close partnership with Inverclyde Council and other internal and external agencies in order to develop the optimum service for residents and visitors to Inverclyde and so to ensure the Trust's Mission Statement is implemented.

The Council's Community Facilities transferred to Inverclyde Leisure in April 2010 and the transfer of the management of Outdoor Leisure Facilities to Inverclyde Leisure took place in April 2015. Members agreed in November 2019 to the transfer of Whinhill Golf Course to Inverclyde Leisure from 2020/21 Season. Inverclyde Leisure has revised its Business Planning process and a new Business Plan is reviewed annually by the Council. The Council's percentage contribution to the Leisure Trust has reduced considerably and is currently under 30% of the Leisure Trust turnover.

Covid caused the closure of almost all of Inverclyde Leisure's facilities for a period and whilst some have commenced operating, the medium term viability of the current operating model requires review given the impact on the organisation's income stream.

5.26 *Inverclyde Health and Social Care Partnership (HSCP)*

The Council and Greater Glasgow and Clyde Health Board established an integrated Community Health and Care Partnership (CHCP) in October 2010. This resulted in greater partnership working and efficiencies in line with the Government's stated objective of integrating aspects of Health & Social Care.

The Public Bodies (Joint Working) Act 2014 resulted in the creation of a HSCP Integrated Joint Board (IJB) during 2015/16 and required a revised Governance and Financial framework. The IJB is a separate legal entity and will receive resources from and delegate resources to the Council and Health Board.

The financial integration became live in April 2016 at a time of continued increasing demands on Council Budgets as the Partnership focuses on building community resources to support the delivery of health and social care services, including the acute sector. To date this arrangement has proven successful with the finances of the IJB being well managed with reserves increased in order to meet the demographic demands.

The impact of the Feeley review into the provision of Adult Social Care has the potential to have a major impact on the delivery model of the Inverclyde IJB and in particular its governance and financing. This is likely to also impact upon the Council

6.0 Financial Management

Corporate Governance

- 6.1 The Council positively promotes the principles of sound corporate governance within all aspects of its activities.
- 6.2 Corporate governance is about the structures and processes for decision-making, accountability, controls and behaviour throughout the Council. It is based around key principles of openness, equality, integrity and accountability.
- 6.3 The fundamental principles of corporate governance should be reflected in the various dimensions of Council business, including;
- Ensuring a community focus underpins the Council's vision and priorities;
 - Ensuring the effective delivery of local services on a sustainable basis;
 - Establishing effective management structures and processes which include clearly defined roles and responsibilities for officers;
 - Developing and maintaining effective risk management systems that form part of the Council's strategic decision making process;
 - Ensuring high standards of propriety and probity in the stewardship of the Council's funds and the management of the Council's affairs;
 - A commitment to openness in the Council's affairs and the provision of full, accurate and clear information to all stakeholders.
- 6.4 The Chief Financial Officer has been designated as "the proper officer" and is responsible for advising the Council on all financial matters.
- 6.5 The Financial Regulations were refreshed and approved in September 2016 and are an essential component of the corporate governance of the Council. They are due to be revised later in 2021.
- 6.6 The Financial Regulations are designed to facilitate the smooth running of the Council, protect its interests and the interests of members and officers, and ensure the proper administration of all the Council's financial affairs, including, Partnerships, The Common Good and Sundry Accounts.
- 6.7 Head Teachers must also comply with the Financial Regulations, with the exception of virement which is defined in the Devolved Management of Resources Scheme.

Roles and Responsibilities

- 6.8 It is important to set out clearly the roles and responsibilities of the key parties involved in the Financial Strategy and the management of overall financial resources of the Council.

Elected Members

- 6.9 Elected Members, through Full Council and Committees are responsible for considering and approving budgets and the Financial Strategy for the Council. Approved budgets must be financially balanced and demonstrate value for money and sustainability.

- 6.10 Throughout the year Committees receive reports which allow progress against approved budgets to be scrutinised. All members receive appropriate training in the areas of Financial Strategy, Local Government Finance and key specialist areas such as Treasury and Risk Management.

Corporate Management Team

- 6.11 The Chief Executive, Directors, Chief Financial Officer, Monitoring Officer and Head of Organisational Development, Policy and Communications form the CMT, chaired by the Chief Executive, who are responsible, individually and collectively, for ensuring effective financial management across the organisation.
- 6.12 As Budget Holders the Directors are responsible for the budgets delegated to deliver the services within their Directorate in line with the priorities of the Council. Whilst they may delegate this responsibility within their Directorate they remain accountable in exercising overall financial control.
- 6.13 The CMT set aside time each reporting cycle to consider corporate financial matters including employee costs, key budget lines, earmarked reserves and savings delivery progress.

Chief Financial Officer

- 6.14 The Chief Financial Officer has a statutory role to ensure appropriate arrangements are in place for the proper administration of the financial affairs of the Council. He has the authority to comment and advise CMT, Chief Executive and Elected Members on all financial matters.

Heads of Service

- 6.15 Heads of Service are individually responsible for ensuring that the services within their remit are delivered in line with the agreed policy, and support the strategic direction of the Council. As Budget Holders they are responsible for the budgets delegated to them to deliver their service in a manner which demonstrates value for money in line with the priorities in the Corporate Directorate Improvement Plans.

Budget Managers

- 6.16 Responsibility for budgetary control lies with the Directors and as delegated budget holders, their Heads of Service and Service Managers. In recognition of the need to ensure budget holders are appropriately supported and trained, Finance Services delivers training to all Heads of Service and Managers on Financial Governance and budgetary control issues.

Financial Support to Services

- 6.17 Each Directorate has a dedicated Finance Manager and Principal Accountant who prepare and monitor the Directorate budget as well as providing a full range of financial advice to the Directorate.

Internal Audit

- 6.18 Internal Audit provide assurance to Elected Members, the Chief Executive and management that the internal processes of the Council are being managed appropriately in line with the overarching policies and outcomes are being delivered in an efficient and effective manner.

External Audit

- 6.19 The role of External Audit is to provide assurance to the Auditor General and the Accounts Commission that the Council has spent public money properly to deliver outcomes in an efficient and effective manner. They also provide assurance to the Elected Members, the CMT and general public that the Council's performance is reported in accordance with the financial standards and presents a fair account of the Council's activities.

Managing the Budget

- 6.20 Committees receive five budget monitoring reports throughout the year. These are jointly prepared by the Chief Financial Officer and the relevant Director.
- 6.21 The Corporate Management Team receive and discuss a budget overview every budget monitoring cycle covering key budget lines, employee costs, earmarked reserves, progress on the approved savings and key projects with financial implications.
- 6.22 All Services receive detailed budget information five times per year and in addition are sent system generated budget reports in intervening months plus having access to real time information held on the Council's Finance Management System.
- 6.23 The Council operates a risk based approach to budget monitoring ensuring that focus is given to larger and more volatile budgets. The identification of key budgets is agreed annually between Directorates and Finance.

7.0 Financial Outlook

- 7.1 Key financial issues are known or anticipated events and activities that have to be addressed within overall financial resources in the short-term (within 2 years), medium-term (within 4 years) or longer (over 4 years).
- 7.2 Events and activities include efficiencies, planned savings, changes to service priorities and delivery, and known potential pressures. The financial impact of an event or activity may be one-off, recurring or time-limited.
- 7.3 The Council is due to receive Revenue Grant/Non-Domestic Rates Income of £169.418m in 2021/22.
- 7.4 When the Council's own projection of Council Tax Income based on 97.0% collection rate is added (£32.622m) then the income for the Council in 2021/22 is projected to be £202.040m.
- 7.5 The level of resources available to the authority to fund its revenue expenditure is also dependent on Council Tax and the approved budget included a freeze in Band D Council Tax in 2021/22 on the basis this is fully funded from increased Scottish Government Grant.
- 7.6 The Financial Strategy covers the period 2021/31 in terms of identifying potential issues, but the revenue forecasts are limited to the period which can be reasonably forecast. A new requirement from 2019/20 was the production and approval of a Capital Strategy which covers a period beyond 2030. This examines a number of long term issues including the sustainability and affordability of borrowing and investment decisions.
- 7.7 The Council has agreed a Reserve Strategy which requires a minimum unallocated General Fund Reserve of 2% of turnover. Based on the 2021/22 Budget this equates to £4.0 million. The overall position of the Reserves shown in Appendix 5 and has been updated to reflect the latest projections. The Reserve Strategy was reviewed and approved by the Policy & Resources Committee in September 2019. Earmarked Reserves and the level of unallocated reserves are reviewed annual as part of the budget process.
- 7.8 The projected budget position in the short to medium term, is set out in the following tables and notes for both revenue and capital. Details of the short, medium and long-term issues identified in consultation with Services are contained at Appendices 1, 2 and 3.

Finance Strategy Notes – June 2021

Note 1 Inflation

- a) Pay – The allowance for pay inflation is an allowance available over the 3 year period to fund all pay related pressures including the annual pay award, impacts of living wage, increases in employers national insurance/pension costs, and movement in service bottom up employee budgets. Figures for 2021/23 reflect proposals identified in Finance Strategy approved December 2020.
- b) Other Inflation – Inflation had been at a low rate in recent times and as such the allowances have been greatly reduced. However, the allowance will come under pressure in future. Figures for 2021/23 reflect proposals identified in Finance Strategy approved December 2020 and a reduction of £300,000 approved December 2020 for 2021/22.
- c) Income – Reflects an annual increase of 3% on fees & charges income as part of the budget decisions approved November 2019.

Note 2 Budget Increases

- a) General Pressures – Reflects allowance identified in Finance Strategy approved December 2020 re-phased based on latest information.

Note 3 Adjustments

- a) Other Adjustments – Reflects Scottish Government funding heldback and other minor adjustments.
- b) New Funding – Reflects new funding received as part of the Settlement February 2021. The majority of the funding relates to new funding for Health & Social Care Partnership.
- c) Contribution from Reserves – As part of the 2021/22 budget process, the Council approved use of reserves to fund the 2021/23 budget.

Note 4 Funded By

- a) Reflects 2021/22 Finance Settlement included in Scottish Government Circular 5/2021. The 2022/24 figures are estimated based on continuing grant loss due to Depopulation. Figures reflect budget decisions taken March 2021.
- b) Council Tax Income is shown net of Council Tax Reduction (CTR) Scheme. Grant is included within Council General Revenue Grant for CTR. Figures reflect decision to freeze Council Tax on 18 February 2021. No uplift has been assumed for years 2022/24.

Other Short Term Revenue Issues

The main remaining risks associated with the 2021/22 budget position will be around inflation allowances, including the unresolved pay award and increasing demand for certain services. Close monitoring and regular reporting to Committee will ensure officers report any significant variances at the earliest opportunity. For 2022/23 much hinges on the main budget announcements by the UK and Scottish level which are expected to include the impact of Covid and Brexit. In light of this the Council Strategy is to provide clarity on service levels, investment and job security at the earliest possible time.

7.9 Medium to Long Term Revenue Issues

Looking beyond 2023 becomes increasingly difficult with uncertainty around the level of funding likely to be available, the impact, Brexit and the use the Scottish Government will make of its new powers and now the ongoing funding pressures due to Covid.

The incremental impact of current major initiatives have been fully incorporated the overall Budget.

Post 2022/23 the main issues impacting on the revenue budget will be:

- **Funding will be impacted by future population change/demographic shifts and any changes to the way local government in Scotland is funded.**
- **Decisions of the new Scottish Government regarding any protection afforded to Local Government or other parts of the Budget plus the use that is made available tax raising powers including the future of non-domestic rates.**
- **Welfare Reform changes and associated budget cuts will continue to impact on Council Services from both a demand and funding perspective.**
- **Health and Social Care integration will potentially undergo further changes but the fundamental fact is that there is not enough money in current budgets to meet increasing demand.**
- **Pension costs influenced by the impact of auto-enrolment, the changes to LGPS and Teachers Pensions, plus costs associated with the Council resizing its workforce in order to balance its budgets and potential changes to Pension Tax Relief.**
- **Costs associated with sustainability including waste disposal and recycling, energy and fuel costs and general procurement inflation due to increased global demand for raw materials.**
- **Overall economic situation arising from Covid and the Brexit vote resulting in uncertainty over interest rates, investment returns, inflation levels and further reductions in public sector funding.**

7.10 The fundamental issue for the Council is that at some point if the squeeze on the public sector finances and the decline in population continues then this will have an associated impact on other local services such as health, police and fire.

7.11 Table 4 shows the high level estimate of the 2021/24 budget gap based on the above. In line with good practice tables 4b and 4c provide two further scenarios based on different assumptions. Table 4b represents an “optimistic” scenario and Table 4c representing a “pessimistic” scenario. These figures are heavily caveated due to the major uncertainty caused by Covid and the lack of clear data around the short/medium term impact on inflation, the economy and funding for the Public Sector.

Table 4a**2021/24 Budget Gap - Mid Range Estimate**

	2021/22	2022/23	2023/24	2021/24
	£m	£m	£m	£m
1/ Estimated Block Grant Change	(2.5)	0.0	0.0	(2.5)
2/ Continuing cash cut due to Depopulation	0.0	1.0	1.0	2.0
3/ Inflation - Pay	3.0	3.0	3.0	9.0
- Non-Pay	1.5	1.2	1.5	4.2
4/ Pressures				
- General Pressures	0.8	0.4	0.6	1.8
5/ Savings Approved to March 2021	(1.5)	(0.9)	(0.1)	(2.5)
Approved Loans Charges Adjustment	(0.3)	(0.3)	0.0	(0.6)
Use of Reserves	(1.0)	(3.0)	4.0	0.0
	0.0	1.4	10.0	11.4

- a/ Assumes £4.0million from Reserves are used in 2022/23 to reduce the funding gap.
- b/ 2021/22 Grant figures includes Council Tax freeze grant of £1.2million & actual settlement
- c/ Assumes no new Prudential Borrowing above that already contained in the Loans Charges model.
- d/ Assumes no Council Tax increase over 2022/24. (3% annual increase would raise £0.95 million per year)
- e/ The GRG/NDRI assumption excludes any hypothecated grant increases eg: Early Years as this is ring fenced to deliver new policies rather than fund existing service provision.

	2021/22	2022/23	2023/24
e/ Key Assumptions	%	%	%
GRG/NDRI	1.5	0	0
Pay Inflation	2.5	2.5	2.5

Table 4b**2021/24 Budget Gap - Optimistic Scenario**

Use of Reserves	(1.0)	(3.0)	4.0	-
Funding Gap	<u>-</u>	<u>(1.6)</u>	<u>6.7</u>	<u>5.1</u>

a/ Assumes £4.0 of from Reserves used in 2022/23 to reduce funding gap on a one off basis.

b/ 2021/22 Grant figures include £1.2million Council Tax Freeze grant and actual settlement

c/ Assumes no new Prudential Borrowing above that already contained in the Loans Charges Model.

d/ Assumes no Council Tax increase (3% annual increase would raise £0.95 million per year)

e/ The increase in Block Grant excludes hypothecated funding increases eg Early Years etc

	<u>2021/22</u>	<u>2022/23</u>	<u>2023/24</u>
<u>e/ Key Assumptions</u>	%	%	%
GRG/NDRI	1.5	1.0	1.0
Pay Inflation	2.5	2.0	2.0

Table 4c**2021/24 Budget Gap - Pessimistic Scenario**

	2021/22	2022/23	2023/24	2021/24
	£m	£m	£m	£m
Block Grant Reduction	(2.5)	2.4	2.4	2.3
Continuing Impact of Depopulation	0.0	1.0	1.0	2.0
Inflation - Pay	4.5	3.6	3.6	11.7
- Non-Pay	1.5	2.0	2.0	5.5
Pressures				
- General Pressures	0.8	1.2	1.2	3.2
Savings Approved to March 2021	(1.5)	(0.9)	(0.1)	(2.5)
Approved Loans Charges Adjustment	(0.3)	(0.3)	0	(0.6)
Use of Reserves	(1.0)	(3.0)	4.0	0
Funding Gap	1.5	6.0	14.1	21.6

a/ Assumes one-off use of £4.0million from Reserves to reduce the 2022/23 funding gap

b/ 2021/22 reflects actual settlement & Health Pay Award

c/ Assumes no new Prudential Borrowing above that already outlined in the Loans Charges Model.

d/ Assumes no Council Tax increase. (3% increase would raise £0.95 million per year)

e/ The GRG/NDRI assumption excludes any hypothecated grant increases eg: Early Years as this is ring fenced to deliver new policies rather than fund existing service provision.

	2021/22	2022/23	2023/24
Key Assumptions	%	%	%
GRG/NDRI	1.5	-1.5	-1.5
Pay Inflation	3.75	3.0	3.0

7.12 Short to Medium Term Capital Projections

The Council agreed a 3 year Capital Programme covering 2021/23 in March 2021. A 5% overprovision was built in to allow for increased resources/project cost reductions.

7.13 Long-Term Capital Projections

There is greater certainty around capital spend for the post 2022/23 period due to the fact that asset management plans will continue to utilise nearly all available funding i.e. Schools, Operational Properties, Roads, Lighting, Vehicles, Open Spaces and ICT. However, the 5 year Scottish Government Capital Funding Plan indicates that in the period to 2026, core Local Government Capital Grant will be frozen at 2021/22 levels which left the Council £2 million/year short against the core investment requirements.

Given the difficult position the Council faces on revenue expenditure, it is essential that future capital expenditure proposals are largely self-financing through the release of other capital assets, use of Reserves as well as delivering efficiencies which will secure ongoing revenue savings.

It is hoped that Local Government Capital Grants may increase in the medium term. Given the major revenue financial pressures the Council needs to seriously consider using any increase in grant to reduce prudential borrowing/use of reserves rather than identifying new projects.

Table 5 - Capital Programme 2021/2024 (Medium Term Capital Projections)

Table 5

Shortfall in Resources					3.93

Notes

1 As per May 2021 P&R Committee

8.0 Treasury Management

- 8.1 Inverclyde Council has adopted the CIPFA “Treasury Management in the Public Services – Code of Practice” which sets out good practice for treasury management governance. The Council complies with legal and regulatory requirements in relation to its Treasury Management activities and has appointed consultants to provide advice on Treasury Management issues, including technical issues and the formulation of views on interest rates.
- 8.2 In complying with the Code of Practice, the Council produces a Treasury Management Practices document which sets out how the Council will manage and control its Treasury Management activities. This document is submitted to Committee for approval every three years with approval also being sought for any amendments in the intervening period.
- 8.3 The requirements for Treasury Management reporting following the implementation of the revised CIPFA Treasury Management Code of Practice has resulted in the following:
- An annual Treasury Management Strategy submitted at the start of the financial year and which includes the Council’s Prudential Indicators and covers issues such as the economic situation, the prospects for interest rates, and the Council’s borrowing and investment strategy for the coming year.
 - A mid-year review of the Strategy which include details of the Council’s debt and investment position, activity undertaken during the quarter, and performance to date against the Council’s Prudential Indicators and agreed policy limits.
 - An Annual Report for Treasury Management which is submitted to Members before the end of September each year and which advises Members of the Treasury Management activities during the previous financial year.
 - Since 2018/19 there is the requirement to produce a Capital Strategy which is also reviewed annually.

It should be noted that whilst all the above reports will go to the Policy & Resources Committee for initial scrutiny, all now require to go before the Full Council for approval.

- 8.4 Table 6 below shows the Council’s debt and investments position as at 13/5/21.

Table 6 – Council’s Debt and Investment Position – 13/5/21

The Council’s treasury portfolio position at 13/5/21 comprised:

		Principal		Average Rate
		<u>£000</u>	<u>£000</u>	
Fixed rate funding	PWLB	99,065		3.67%
	Market	56,000	155,065	
Variable rate funding	PWLB	0		4.91%
	Market	43,735	43,735	
TOTAL DEBT			198,800	3.94%
TOTAL INVESTMENTS			36,978	0.23%

9.0 Reserves

9.1 A key aspect of the consideration of the Financial Strategy is the position of the General Fund Reserves. The Reserves Strategy was last reviewed and approved by Council in September 2019.

9.2 Reserves can be held for three main purposes:-

- A working balance to help cushion the impact of uneven cash flows - this forms part of General Reserves.
- A contingency to cushion the impact of unexpected events or emergencies which also forms part of General Reserves.
- A means of building up funds, often referred to as earmarked reserves, to meet known or predicted liabilities.

9.3 The Reserves Strategy is based on the core General Fund Reserve being maintained at a level of 2% of turnover. A turnover of approximately £200 million results in a core General Fund Reserve of £4.0 million. In the event that the Reserves are projected to fall below this level then Members must have a clear route for bringing Reserves back up to the level over the subsequent three financial years.

9.4 The Reserves Strategy also assumes the continued use of earmarked reserves. In this way, earmarked reserves can be separated from the core General Fund Reserve which should allow Members to more transparently track the underlying reserves position. Earmarked Reserves are reviewed annually as part of the budget process.

9.5 Within Inverclyde Council the main Reserves/Funds comprise; General Fund Reserve, Insurance Fund, Capital Fund and Repairs & Renewals Fund. The latest projected position is shown below.

9.6 (a) General Fund “Free” Reserves – This Reserve represents the Council’s contingency for unforeseen/unquantifiable events. The level of the Reserve is determined by the Reserve Strategy whilst the projected balance is reported to each Policy and Resources Committee. See Appendix 5.

Balance 31/3/21 = £4.425 million

(b) Insurance Fund – The Insurance Fund balance is required to meet Insurance Liabilities not covered by external Insurance Policies. The balance on the Fund is reviewed every 3 years by an independent actuary who comments upon not only the balance of the Fund but also the on-going internal contributions to the Fund. See Appendix 8.

Balance 31/3/21 = £3.484million

(c) Capital Fund – The Capital Fund is a Fund into which Capital Receipt income can be paid and used to fund either capital investment or repay the Principal element of debt repayments. The balance and planned usage of the Capital Fund is incorporated into the Financial Strategy. See Appendix 6.

Projected Balance 31/3/21 = £0.547 million

(d) Repairs & Renewals Fund – The Repairs & Renewals Fund consists of sums received from external parties or allocated directly from Council resources which are thereafter released on a phased basis to maintain specific assets. Use of specific allocations to the Fund are agreed by Policy & Resources Committee and the overall position will be reported as part of the Financial Strategy. See Appendix 7.

Projected Balance 31/3/21 = £3.227 million

10.0 Monitoring, Reporting and Review Processes

- 10.1 The Financial Strategy should be a dynamic, relevant document and will be monitored on an ongoing basis by Finance - it will also be formally reviewed twice yearly, in May and then in November.
- 10.2 The formal review of the Financial Strategy will be reported to CMT and Full Council on a six monthly basis – there will also be capacity to review the Strategy as and when required, particularly when a new issue arises or the impact of major policy or initiative becomes clearer.
- 10.3 The Financial Strategy will only be revised if there are material changes to estimates, projections or policy which will have a financial impact however issues which may impact will be flagged up in the regular General Fund Budget reports to Policy & Resources Committee.
- 10.4 The deminimus level for a major impact requiring immediate review is 50% of the core General Fund reserves, £2.0 million, subject to the opinion of the Chief Financial Officer.
- 10.5 The financial management principles and expectations have been communicated and are understood by all Chief Officers and budget holders.
- 10.6 The Financial Strategy has been drawn up with the full involvement of the CMT and, will be communicated throughout the organisation.

11.0 Risk Management

- 11.1 The Council has developed a Corporate Risk Register, Directorate Risk Registers and individual service risk registers where appropriate.
- 11.2 Further work has also been undertaken to develop a Risk Register for the Financial Strategy and the required actions to mitigate risks – these are set out in the table below.
- 11.3 The risk assessment below considers the risks to our financial position arising out of matters considered in this Financial Strategy and utilises the same methodology used for the Corporate, Directorate and Service Risk Registers.

Risk	Management of Risk
<p>The Financial Strategy does not reflect in financial terms the objectives set out in other strategic plans of the Council.</p>	<p>The Financial Strategy provides a high level overview of the various strategic plans the Council has signed up to – it acknowledges that there will inevitably be financial implications arising from the Corporate Plan but it is not possible to quantify all of these at present.</p> <p>The Financial Strategy is updated as further information becomes available regarding these strategic plans.</p>
<p>The directorate planning process will identify a range of additional budget pressures over and above those currently considered in this Financial Strategy.</p>	<p>The Directorate Planning Guidance identifies that Corporate Directorate Improvement Plans (CDIP) should reflect the resources allocated – the need for additional resources to achieve a particular priority should be specifically identified via the Financial Strategy prior to the preparation of the CDIP.</p>
<p>Forecasts within the Financial Strategy are not accurately determined or reviewed on a regular basis.</p>	<p>The Budget and Financial Strategy set out the expected levels of expenditure and income for the future. The forecasts are arrived at through careful consideration of historic trends and actual expenditure levels and any factors which may have an impact in the future.</p> <p>Three scenarios are included in the Strategy based on Pessimistic, Mid-Range and Optimistic. This provided a broad range of potential outcomes.</p> <p>Throughout the financial year, the Council regularly monitors its financial performance against its budgets and will revise them where necessary, subject to remaining within the agreed overall budget for the Council.</p>
<p>There is a continuing need to deliver significant cuts and efficiencies over the medium to long term. Robust and detailed plans will be required on an operational level to ensure that this risk is mitigated and savings are duly delivered.</p>	<p>The risks relating to the delivery of savings will be mitigated by robust monitoring and financial control through the budget monitoring process, with action plans being required to find compensating savings for any overspends identified.</p> <p>Individual savings are reviewed by Change Boards and lead officers on a regular basis with material issues reported to the CMT and if required, Committee.</p>

<p>Income budgets not achieved or become unsustainable.</p>	<p>Chief Officers are consulted on proposed increases in income budgets/fees and charges and have the opportunity determine the levels of individual charges to achieve the budgeted income target.</p> <p>Equally, income budgets are monitored throughout the financial year and where a shortfall in income is anticipated, this is highlighted in reports to Committee.</p> <p>Proposals to increase fees and charges are reviewed in line with the Council's Charging Policy prior to reporting to Committee.</p>
<p>The Council has insufficient capital resources to sustain capital commitments.</p>	<p>The Council has already identified through the Financial Strategy a reduced reliance on capital receipts and Government Grants in the medium term.</p> <p>The combination of reduced funding and the economic position mean that the Council has to focus on maintaining key infrastructure whilst utilising prudential borrowing for specific capital projects.</p> <p>The Council has Asset Management Plans for all its assets with all the above issues captured within the Financial Strategy.</p> <p>The Council produces a Capital Strategy which looks at the longer term need, funding & sustainability of the capital programme.</p>
<p>Bankruptcy of a major supplier or customer which could result in the Council having to pay twice for the same service or see artificially inflated prices if a replacement service needs to be obtained at very short notice.</p>	<p>The Council has reviewed its procurement process and a procurement manual has been developed which includes supplier financial appraisal at PQQ stage. This will ensure that the financial position of new contractors is vetted prior to ITT stage and entering into any large contracts.</p> <p>The Council only pays in advance for Services by exception.</p> <p>Regular reviews of financial position are undertaken for key suppliers on an ongoing basis.</p>
<p>Legislative changes are not anticipated and the financial impact is not addressed through the budget process of Financial Strategy.</p>	<p>Chief Officers are required to highlight the impact of legislative changes through the strategic planning and budgeting process and the likely resource requirement.</p> <p>In addition COSLA has a key role in assessing the financial impact of changes in legislation and lobbying for Councils to be funded appropriately.</p>

<p>Interest rates on borrowing may be higher than forecast.</p>	<p>Regular review of treasury management decisions. Prudent assumptions on likely interest rates have been incorporated into Financial Strategy. Borrowing is spread to reduce impact of short-term changes.</p>
<p>Reserves are required to cashflow unanticipated budget shortfalls and fall below minimum recommended level.</p>	<p>Reserve Strategy is in place which clearly states that there must be a clear route to bring reserves back up to the minimum level over the subsequent 3 financial years.</p>
<p>Revenue implications of capital programme/projects are not fully anticipated.</p>	<p>All capital projects identify revenue implications and link into Council priorities. All capital projects are subject to a robust approval process which includes a review of revenue implications.</p>
<p>The decision to leave the European Union will provide impacts which are not fully reflected in the Financial Strategy.</p>	<p>The Council engages with partners in assessing potential risks and impacts. The Scottish Planning Assumptions are regularly reported to the Environment & Regeneration Committee.</p>
<p>As the threats from the Covid-19 pandemic continue, the economic landscape is marked by volatility. The Council is facing significant financial challenges as a result of disrupted operations, higher revenue costs and lost income. The Council continues to incur significant additional costs in responding to the crisis. There is also a significant risk to the delivery of planned savings.</p>	<p>There is regular reporting to Members on the budget position and forecasts. Cosla continues to lobby Scottish and UK Governments for funding. Directors of Finance share common information and assumptions. Ongoing implications were built into the 2021/22 Budget.</p>

Short-Term Issues (2021/23)

The tables in Appendices 1, 2 and 3 have been developed through ongoing consultation with the CMT by the Chief Financial Officer to develop detailed knowledge of the issues to inform the Financial Strategy and future budget setting.

<u>Service</u>	<u>Issues Identified</u>	<u>Issues & Potential Impacts</u>	<u>Action Taken</u>	<u>Responsible Officer</u>	<u>Timescale to report back</u>
Corporate	Covid-19	Increased costs/reduced income will impact on the approved 2021/22 Budget and the 2022/23 Budget Plans.	Monitor Covid financial impact each Committee cycle. MBWG/CMT to consider all on going impacts on 2022/23 Budget.	Alan Puckrin	From August 2021
	Equal Pay	Provision for outstanding claims may not be sufficient.	Offers issued and payments made to address the vast majority of outstanding claims. Provision will continue to be monitored and reviewed taking account of relevant legal judgements and advice from the Council's legal advisors.	Alan Puckrin	March 2022
	Inflation	Uncertainty over inflation pressures are not fully clear over the period.	Offers issued and payments made to address the vast majority of outstanding claims. Provision will continue to be monitored and reviewed taking account of relevant legal judgements and advice from the Council's legal advisors.	Steven McNab	Ongoing
	Brexit	There could be an impact of the UK leaving the EU and this may result in funding pressures from 2021/22.	Inflation allowances are regularly reviewed. Regular monitoring and reporting to CMT/Members.	Alan Puckrin	Ongoing
			The CMT will monitor the situation and will present reports to Committee as required.	Stuart Jamieson	Ongoing

Social Care	Relationship with Service Providers.	Managing provider expectations whilst in a period of uncertainty over the future of the National Care Home Contract along with expectations from those providers out with this contract to fund inflation/impact of pensions/living wage.	Monitor development and report as required.	Louise Long	Ongoing
	Children's Services	Significant demand in the system will lead to increased costs.	Monitor and report as required and consider as part of 2021/23 Budget.	Louise Long	October 2020 (Review)
Education & Communities	Inverclyde Leisure – Reduction in Income	A major source of income for IL comes from its fitness gyms. Competitors are due to move into the area and this plus Covid legacy could lead to an increase in Council funding.	Continue regular liaison meetings with IL and report to Members as required. Revised Business Plan due December 2021.	Ruth Binks/Alan Puckrin	Ongoing

Medium-Term Issues (2023/25)

<u>Service</u>	<u>Issues Identified</u>	<u>Issues & Potential Impacts</u>	<u>Action to be Taken</u>	<u>Responsible Officer</u>	<u>Timescale to report back</u>
Corporate	Funding gap passed to New Council in May 2022.	Will require quick and decisive action from the new Council which will have a significant impact on certain services.	Take opportunities up to March 2022 to minimise any funding gap.	Alan Puckrin/CMT	Throughout 2021/22
	Reductions in other public sector partner's funding streams	As Public Sector funding reductions continue, partners are reducing their contributions to key Council priorities.	Continue dialogue with partners.	Corporate Directors	Ongoing
	Reduction in Council Funding	Funding over 2023/25 likely to be further reduced in real terms in line with UK Fiscal Policy and increasing ring fencing by the Scottish Government.	Await next Scottish Government Spending Review figures and factor into revised Financial Strategy.	Alan Puckrin	December 2022
	Removal of key services from Council control.	Scottish Government could review Public Sector landscape which could result in loss of large parts of the Council remit and resultant impact on corporate viability.	Keep track of developments and report to Committee as required.	Aubrey Fawcett	Ongoing
	Increased cost for externally provided contracts and services due to the Living Wage.	There is a clear desire to ensure suppliers of Council Services pay the Living Wage. This could add significant costs to the Council if passed on by suppliers.	Monitor developments and report to Committee when required.	Corporate Management Team	Ongoing
	Potential changes to funding of Local Government	Scottish Government continues to cap Council Tax and will potentially review NDR post Covid.	Monitor National developments and report as required.	Alan Puckrin	Ongoing
	Further increase in Pension Costs	Potential changes to Pension Tax Relief would add costs to both to Council and employees.	Monitor development and report to Committee when required.	Steven McNab	Ongoing
	Brexit	In addition to the immediate impact of the UK leaving the EU and this may result in funding pressures in the medium term.	The CMT will monitor the situation and will present reports to Committee as required.	Stuart Jamieson	Ongoing

<u>Service</u>	<u>Issues Identified</u>	<u>Issues & Potential Impacts</u>	<u>Action to be Taken</u>	<u>Responsible Officer</u>	<u>Timescale to report</u>
Social Care	Review of future of Audit Social Care	Potential major impacts on IJB and Council Budgets if not appropriately funded.	Members developments, contribute to relevant forums and report as required.	Louise Long/Alan Puckrin	December 2021
	Ongoing Demographic demand pressures across many Social Care areas and ongoing drive towards Self-Directed Support, Independent Living and Continuing Care.	Continuing increased demand will put considerable pressure on “flat cash” budgets.	Await detail of future settlements and model potential scenarios.	Louise Long/Alan Puckrin	
	Impact of inclusion of elements of the Acute Health Services within the IJB Budget.	Potential for the Council to have to meet a proportion of any overspend caused by increasing pressure on Health Budgets.	Regular monitoring of the IJB Strategic Plan and financial projections added to supporting robust financial scrutiny by the IJB.	Louise Long	On Going
Education & Communities	School Estate Management Plan	Reduced Capital resources and corporate cost pressures may make current planned investment in SEMP post 2024 unsustainable.	Six monthly review of all aspects of SEMP to continue. Recent review reflects approved acceleration programme is still affordable in line with plan for completion	Ruth Binks/ Alan Puckrin	On Going
	Early Years – Funding Review	Funding is not sufficient to meet all the requirements in the legislation.	Funding now known to 2022. Council Costs to be contained within this sum. Review sustainability once 2022/23 figures are known.	Ruth Binks	March 2022
Environment & Regeneration	Biodegradable Waste diversion from Landfill.	From January 2025 all biodegradable waste is to be diverted from landfill. The financial implications could be significant.	Monitor and develop options and report to Committee via CMT.	Stuart Jamieson	March 2022

Long-Term Issues (Post 2025)

Appendix 3

<u>Service</u>	<u>Issues Identified</u>	<u>Issues & Potential Impacts</u>	<u>Action to be Taken</u>	<u>Responsible Officer</u>	<u>Timescale to report</u>
Corporate	Depopulation and Change of Demographics	Continued loss of grant income, over provision of infrastructure. Viability of area under threat.	Population/Demographic trends to be monitored and reported to the Council and Alliance on a regular basis.	Steven McNab	Ongoing
Social Care	Increase in number of Elderly and Adults with Learning Difficulties and resource implications of policy direction of Independent Living and Self Directed Support.	Significant costs associated with reshaping, expanding delivery models.	Develop as part of HSCP Strategic Plan.	Louise Long	Ongoing
Environment & Regeneration	Regeneration of Greenock and Port Glasgow Town Centres.	Reports to Committee have identified significant investment needs within the Greenock and Port Glasgow Town Centre areas. Whilst contributions will be sought from Partners and the Private Sector the Council will require to provide a large amount of the funding.	Develop a funding model with clear outputs and funding sources.	Stuart Jamieson	Ongoing
	Global Warming/Climate Change leading to rising sea levels	Significant impact on Council area with increased flooding and expenditure on sea defences.	6 year SEPA Flood Plan includes funding for a number of Council projects.	Stuart Jamieson	Ongoing
	Closure of major local employer	Could further increase rate of depopulation and would significantly impact of areas regeneration efforts.	Work with all partners to identify areas of risk and mitigating actions.	Stuart Jamieson	As required

Notes

- a 2019/23 funding approved March 2019.
- b Funds were set aside during February 2012 budget process prior to the formal approval of the RAMP model.
- c CFCR part funded from underspends due to reduced requirement for Loan Charges in early years.
- d Additional CFCR allocation to fund final phase of lighting programme.
- e Staffing requirements from 2019/20 onwards confirmed and built into core roads establishment as part of the budget process, Capital/RAMP Fees have been increased accordingly.

Notes

- 1/ Project spend profiles reflect the latest reported figures to the Cabinet. Costs to be firmed up as part of detailed Business preparation for Inchgreen and Inverkip. Figures exclude partner contributions.
- 2/ The Council initially set aside up to £400,000 per year for this purpose of which over £60,000 is currently set aside for the Programme Management Office. A saving approved in Sept 2019 reduced the £400k budget by £80k from 2022/23 and a write back to Reserves of £500k was agreed as part of the 2021/23 Budget.
- 3/ Assumes that the City Deal will pass the first 2 milestones (2019 & 2024) and as such the UK and Scottish Government will honour their grant commitments.
- 4/ Regional projects have first call on the grant , project values are under review. Phasing of these for 2022/23 and beyond is indicative at this stage.
- 5/ The Interest Charge is based on the investment return foregone by the Council on the assumption the capital investment will be funded from cash balances and fully repaid by 2035. Interest rates used , 19/20(0.85%), 20/22(0.5%) and 22/23 onwards (1.0%)

Notes

Revised projections as at May 2021 and excludes Loan Charges relating to funded models (SEMP, VRP, City Deal, Birkmyre Trust).
Includes the effect of decisions on SEMF acceleration taken in March 2016 including the £650k annual budget transferred to SEMF from 2021/22.
From 2018/19 onwards, general capital grant is applied to core allocations only and not to individually funded models (e.g. VRP).

- a Includes loan charges for new LD Centre based on spend between 2021/22 and 2022/23.
£100k annual cost increase from 2023/24 to reflect increased prudential borrowing of £1,400k.
Projected AMP loan charges now included above and not separately budgeted for.
Projected principal repayments on new projects from 2021/22 onwards are now calculated on annuity basis following agreed policy change.
- b Adjustments to Available Budget:
For 2021/22
£650k removed from ongoing budget and transferred to SEMF relating to SEMF acceleration, as agreed in March 2016.
Budget from 2018/19 onwards reduced by £300k annually to 2022/23 to reflect reduction in Scottish Government grant support resulting from repayment of histo
Budget increased by £1,191k annually due to budget and projected AMP loan charges now included above and not separately budgeted for.
For 2022/23
£400k reduction in budget.
For 2023/24
Budget from 2023/24 onwards increased by £100k annually for annual Prudential Borrowing.
