

AGENDA ITEM NO: 3

Report To: Regeneration Committee Date: 14th January 2010

Report By: Corporate Director Report No: R137/09/SM/sm

Regeneration and Resources and Chief Financial Officer

Contact Officer: Joe Lynch Contact No: 01475 712456

Subject: Capital Programme 2009/10 to

2011/12 - Progress

1.0 PURPOSE

1.1 The purpose of the report is to update the Committee in respect of the status of the projects forming the Regeneration Capital Programme and to highlight the overall financial position.

2.0 SUMMARY

- 2.1 This report advises Committee in respect of the progress and financial status of the projects within the overall Regeneration Capital Programme.
- 2.2 It can be seen from the table that the projected spend is £35.836m, which means that the total projected spend is on budget.

3.0 RECOMMENDATION

3.1 That the Committee note the progress on the specific projects detailed in the Appendix.

Aubrey Fawcett Corporate Director Regeneration & Resources Alan Puckrin Chief Financial Officer

4.0 BACKGROUND

4.1 At its meeting in February 2009 the Council agreed the 2009/10 Capital Programme.

5.0 PROGRESS (major projects)

- 5.1 Gourock Transport Interchange: A planning application has been submitted for the new station. Details are awaited from the developer regarding other aspects of the development and it is considered likely that there will be little expenditure this financial year.
- 5.2 Sports & Pitches Strategy: Design teams have been appointed for all the major projects within the Sports and Pitches Strategy. The contract to replace the pitches at Broomhill and George Road has commenced on site. Tenders for Gourock Park Amphitheatre and Parklea Phase 1 (3G Pitch) have been issued. Design work is complete for Gourock Park DDA works and tenders will be issued imminently. Design work is progressing for Ravenscraig Stadium and Broomhill Changing Pavilion with tenders to be issued early in the new year.
- 5.3 Arts Guild: This Horizon Project has an Approved Budget of £2.00m. An additional £0.50m was approved by Council (12/02/2009) from revenue reserves (CFCR). Design work and tender preparation is progressing via the Council's external partners. However a site start is not now expected within the financial year. Accordingly £1.00m has previously been reallocated from 2009/10 to 2010/11.
- 5.4 Devol Glen Stabilisation Works: Geotechnical investigations have indicated that ground conditions are highly complex and as such a simple remedial solution to the land slip may not be possible. Further ground investigations were commissioned to ensure the stability of surrounding ground and structures during the execution of any remedial works. The results and analysis of the investigations have been received and a design solution has been finalised. The cost of the design solution is in excess of the funding available and there is a funding gap of approx £0.28m. £0.10m has been reallocated from the Crescent Street budget and £0.085 has been reallocated from various other Property budgets within the Regeneration capital programme. The remaining balance of £0.095m was the subject of a report to the last Policy and Resources committee. The Council's consultant is currently finalising the design and tenders will be issued early in 2010. The remedial works themselves will be commenced on site in March 2010.
- 5.5 Kilmacolm New Community Centre Co Ltd: The Board of KNCCC Ltd is progressing with the redesign of the Village Centre complex to take cognisance of the available funds of circa £2.30m plus VAT. In this regard a revised design has been prepared which retains the old school building on the site as well as the Village Centre. A business plan has been finalised. It was envisaged that KNCC would have had a site start in August but became clear that this would not occur until later in the calendar year. Accordingly £0.524m has previously been reallocated from 2009/10 to 2010/11. A site start was made on 26th October 2009.
- 5.6 ERDF Clawback: £0.215m was previously reallocated from 2008/09 to 2009/10. However, it was previously noted that the requirement for this was under review and any variations would be reported to the appropriate committee. The Policy and Resources committee of 2nd November 2009 approved the deletion of this funding to free up capital resources necessary to complete the works at Devol Glen (£0.095m) and also Knocknairshill Cemetery (£0.12m Safe Sustainable Communities). Devol Glen will not be completed in 2009/2010 and consequently this additional funding has been reallocated to 2010/11.
- 5.7 Office Accommodation 2008/09: A major review of office accommodation throughout the Council is currently underway. This funding will not be completely committed until the review is finalised. Accordingly £0.20m has been reallocated to 2010/11.

5.8 Please refer to the status reports for each project contained in the Appendix.

6.0 IMPLICATIONS

- 6.1 The figures below detail the position at 30th November 2009. Expenditure to date (to end of period 08) is £1.382m (32%).
- 6.2 The current budget is £35.836m, made up of £12.351m supported borrowing, £0.50m CFCR, £22.985m prudential borrowing and nil grant funding. The current projection is £35.836m which is on budget.

<u>Service</u>	Approved Budget £000	Current Position £000	Overspend / (Underspend) £000
Economic & Social Regeneration	25,050	25,050	-
Property Resources & Facilities			-
Management	10,786	10,786	
Total	35,836	35,836	-

6.3 The approved budget for 2009/10 is £8.582m. The committee is projecting to spend £4.406m, with slippage/rephasing of £4.176m (49%) into future years, the main reasons for which are explained in Section 5.

7.0 CONSULTATION

- 7.1 There are no direct staffing implications in respect of the report and as such the Head of Organisational Development and Human Resources has not been consulted.
- 7.2 There are no legal issues arising from the content of this report and as such the Head of Legal and Administration has not been consulted.

8.0 LIST OF BACKGROUND PAPERS

8.1 Property Resources and Facilities Management Capital Programme Technical Progress Reports November 2009 (a technical progress report is a project specific report which details the financial and progress position for current projects which have a legal commitment).
